Welcome to UNT

- Welcome from Dr. Keller, UNT President
- Key Guidebook Terms
- Advising at UNT

HARRISON KELLER, PH.D., PRESIDENT

UNIVERSITY OF NORTH TEXAS

Dear students,

Welcome to the University of North Texas! You are about to start an exciting journey — one that will challenge, inspire, and prepare you for a bright future.

At UNT, our highest priority is student success. Our commitment to your success goes well beyond the time you are enrolled and working toward your degree. We are committed to your success from our first engagement with you, throughout your time with us, and into your professional careers. We aim to be the platform to help you develop and launch your talents, so you can take them as far as you want to go. The UNT degree you earn will be a testament to your ability to learn, adapt, and persevere — and its value will increase throughout your career.

While you are at UNT, our faculty will both challenge and support you, with high expectations worthy of your talents. Your time at UNT will be defined by academic excellence, innovation, and a supportive environment. Our faculty and staff are dedicated to mentoring and guiding you, helping you with easy access to academic support and advising to help you with your coursework and connect you with study groups or tutors.

Beyond the classroom, you'll find opportunities to engage, grow, and experience campus life. Whether you're cheering on our Mean Green teams, enjoying performances and cultural events, or exploring around Denton or Frisco, there's something for everyone.

I hope you are excited and hopeful as you start your time here at UNT. Your future is bright, and I look forward to celebrating your successes!

Go Mean Green!

A handwritten signature in blue ink that reads "Harrison Keller".

Harrison Keller, Ph.D.
UNT President
@UNTPrez

Office of the President

1155 Union Circle #311425 • Denton, Texas 76203-5017 • 940-565-2026 • Fax 940-565-4322 • www.unt.edu

Key Guidebook Terms

Key Terms

Below is a list of common college terms that will help you be successful here at UNT.

Advanced Hours

Junior or senior courses, numbered 3000 or 4000 level. Many degrees require at least 42 advanced hours.

Catalog

An online resource that includes university policies, majors/minors available & course descriptions including any prerequisites.

Class Number

Number (in parenthesis) that appears along with the class prefix and course number on the schedule of classes. It is used to identify a specific section of the course to aid in registration. Ex. ENGL 1310 (1234)

Concurrent Enrollment

Enrollment at UNT and other institution in the same semester. Requires preapproval from your Academic Advisor.

Course Number

A four-digit number following the class prefix. The first number indicates whether the class is considered lower level or advanced. Ex. ENGL 1310.

Flipped Course/Classroom

A class format where lectures, videos, readings, etc. are delivered online for students to review before class and use in-class time for interactive activities and applied learning

Hold/block

This is applied to your account and may hinder your ability to register. (i.e. library fines, advising holds, or the student financial obligation hold)

Hybrid Class

A course that uses both physical classroom and online instruction.

ID Number/EUID

An 8-digit number (12345678) or user code comprised of your initials and four numbers (abc1234) you will use for identification at UNT.

Permission Code

Access from a department offering a course to ensure all requirements have been met prior to course enrollment.

Recitation

A section required by some classes used to cover coursework and answer questions.

Schedule of Classes

Available on the Registrar's website, this tentative list will help you prepare for the upcoming semester.

SMART Schedule

Structured course scheduling model at UNT that sets up predetermined classes for your first two semesters. The goal is to simplify registration, reduce scheduling conflicts, and help first-year students stay on track to graduate on time.

Supplemental Instruction Leader (SI)

A student proficient in a course who facilitates effective group study sessions through the Learning Center.

Syllabus

An academic document that communicates course information and defines expectations and responsibilities.

Teaching Assistant/ Teaching Fellow (TA/TF)

A graduate student who serves under an instructor to provide general assistance to the instructional process, such as grading, tutoring, etc. A graduate student that teaches courses for credit under the direct supervision of a faculty member or chair.

W

This grade may be given when a student drops a course or withdraws from the university after the census date.

Waitlist

A feature that allows students to place themselves on a list for a class section that is full and will be automatically enrolled once a seat opens according to their position number.

Withdraw from Semester

When you choose to remove yourself from all your classes. Requires permission from the Dean of Students office.

NOTE: For Secondary or All-Level Teacher Certification, students will major in the college or school that offers it. (For example: to teach secondary math, you will be a math major in the College of Science.)

Advising at UNT

Schedule an appointment with your advisor every semester at unt.navigate.eab.com, or download the Navigate Student app.

Advising.unt.edu

The UNT Advising website contains a variety of services and resources to support your academic success and professional development including academic advising information, degree options, answers to frequently asked questions, and links to helpful resources at the University of North Texas.

We invite you to explore this website to learn more about all the advising and student support services available to you at UNT.

Specialized Advising

Advising Services

Sage Hall 110
(940) 565-3633
advisingservices.unt.edu
untadvising@unt.edu

Not sure what you want to major in? Start here. Advising Services at UNT provides personalized support for students who are undecided about their major or interested in exploring other academic programs offered at the university. Our academic counselors help you explore UNT's majors, so you can find your best path to graduation and future careers.

Health Professions Career Advising

Hickory Hall 256
940-369-8606
healthcareers.unt.edu
healthcareers@unt.edu

Chiropractic, Dentistry, Medicine, Occupational Therapy, Optometry, Pharmacy, Physical Therapy, Physician Assistant, Podiatry, and Veterinary Medicine. UNT offers most of the prerequisites for admission to the professional schools listed above. Students interested in these professions should schedule an appointment with a counselor in the Office of Health Professions. These counselors will provide assistance with entrance requirements, the application process, interview preparation, and the required letters of recommendation.

Honors College

Sage Hall 320
(940) 565-3305
<https://honors.unt.edu/>
HonorsCollege@unt.edu

The Honors College helps approximately 2,000 undergraduate students get the most out of their UNT experience by providing in-class and extracurricular activities that are broader, deeper, or more complex than the norm. Honors College members may take Honors College courses, engage in undergraduate research, participate in Honors College programming, live in Honors College housing, and enjoy other membership benefits. Membership is open to new and continuing students from all majors and all academically motivated students are encouraged to apply.

Pre-Law Resources

class.unt.edu/advising/pre-law
prelaw@unt.edu

Pre-law is not an academic major at UNT. There is no required major for those wanting to go on to law school; any major that emphasizes strong writing and reasoning skills will help you prepare for law school. There are resources available at UNT to help guide you in your pre-law journey, including your Academic Advisor, the Career Center, the Writing Center, and more! For more information, please self-enroll in the Pre-Law Resources Canvas course: <https://unt.instructure.com/enroll/8LEKFX>

Teacher Education & Certification

Matthews Hall 105
(940) 565-2736
<https://coe.unt.edu/student-advising>

To become a certified teacher in Texas, students must meet state requirements, which include completion of an Educator Preparation Program, obtaining a bachelor's degree, and passing the state certification examinations. Students must be admitted to UNT's Teacher Education Program before enrolling in most education courses.

Texas Success Initiative

Sage Hall 170
(940) 565-3633
<https://vpaa.unt.edu/aservices/tsi>
tsi@unt.edu

Students must be in compliance with the Texas Success Initiative (TSI), to enroll in coursework at Texas public institutions of higher education per Texas Education Code. The law requires all entering college students to be assessed for college readiness in English Language Arts and math. The TSI Coordinator, located in the Office of Advising Services, will help with questions regarding TSI requirements and developmental courses.

TRIO Student Support Services

Sage Hall 240
940-565-4754
<https://studentaffairs.unt.edu/trio/sss/index.html>
trioss@unt.edu

TRIO Student Support Services (SSS) is an academic success program that helps undergraduate students at the University of North Texas persist and graduate. TRIO SSS serves first-generation, low-income (Pell Grant-eligible), and students with disabilities by providing personalized support to overcome academic, social, and financial barriers. Services include tutoring, course registration assistance, financial aid and FAFSA guidance, financial literacy education, and preparation for graduate or professional school.

Section 2

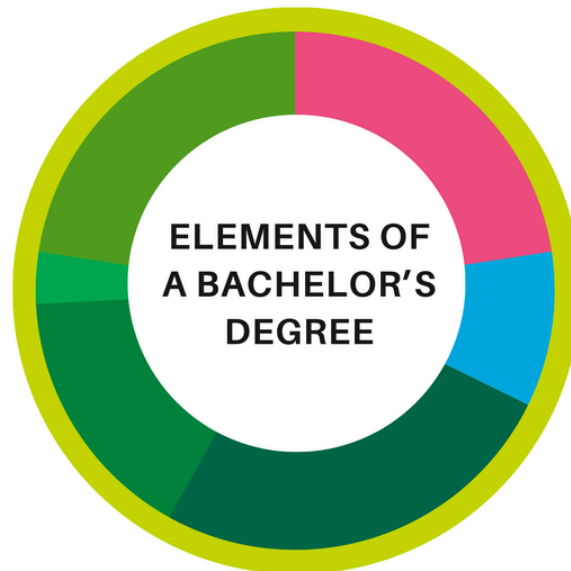

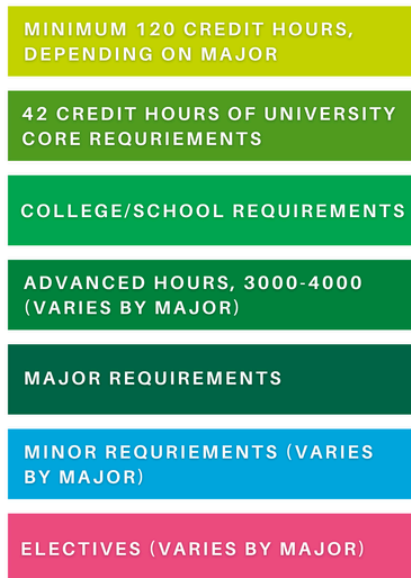

Building Your UNT Degree

- Elements of a Bachelor's Degree
- UNT Awarded College Credit
- University Core Curriculum

Elements of a Bachelor's Degree

A bachelor's degree shows you have completed coursework and met the requirements of a specialized curriculum. Your degree is completed when you have met all of the requirements, taken the right courses in the correct order, earned enough semester credit hours and earned the appropriate grades. Navigating your way through college means learning the basics needed to understand and progress through your academic career.

Examples of Bachelor's degrees

- Bachelor of Applied Arts and Sciences (BAAS)
- Bachelor of Applied Science (BAS)
- Bachelor of Arts (BA)
- Bachelor of Business Administration (BBA)
- Bachelor of Fine Arts (BFA)
- Bachelor of Music (BM)
- Bachelor of Science (BS)
- Bachelor of Science in Engineering Technology (BET)
- Bachelor of Social Work (BSW)

Academic Classification

Your classification is based on the number of hours you have earned. Completion of minimum hours required for a degree does not guarantee completion of all degree requirements.

- Freshman 0-29 hours
- Sophomore 30-59 hours
- Junior 60-89 hours
- Senior 90 hours and above

Credit hours

Every course you take is measured by units called credit hours. In most cases, credit hours represent the number of hours each week you are expected to attend each specific class. Courses may range from one to six credit hours.

Elements of a Bachelor's Degree

1. UNT Residency Requirements

- A major of at least 24 semester hours. At least 12 hours of advanced work (3000/4000 level) in the major must be earned at UNT (except for the BAAS degree).
- A minimum of 36 semester hours of advanced work (3000-4000 level), 24 of which must be completed at UNT. Many degrees at UNT require at least 42 advanced hours, see the college/school degree requirements of your major in the catalog for details. A lower-level course that, when transferred, is determined to be equivalent to a UNT upper-level course does not satisfy the requirement of advanced hours.
- Twenty-five percent of the university minimum of 120 semester hours (i.e., 30 hours) must be earned in residence.

Not to be confused with in-state vs. out-of-state tuition, UNT Residency Requirements refer to how many courses must be completed at UNT.

2. University Core Curriculum

The University Core Curriculum helps you build more than just knowledge in your major. Along with your major courses, you'll take general education classes that give you a broader understanding of the world and help you develop skills you'll use in every class—and after graduation. These include critical thinking, communication, teamwork, and problem-solving skills. The core is designed to help you become a well-rounded student and prepare you for life beyond college.

You can find specific core course options on pages 15-18.

3. College and School Requirements

You must satisfactorily complete all degree requirements specified by the college/school in which the degree is offered. In many instances, there may be college/school academic program requirements in addition to the university core requirements. Please see the individual college/school advising office in order to determine these requirements.

4. Major Requirements

Within your degree, you will narrow your focus to a specific field of study, also known as a major. At least 24 semester hours in a given subject are required for a major, including 12 hours of advanced work. The number of hours required depends on the major you select.

5. Minors

- Minors are like “mini-majors” typically requiring you to complete 18 to 21 credit hours, which includes a minimum of 6 advanced hours
- Some majors require a minor
- View the list of minors at UNT and the requirements for each in the online catalog (catalog.unt.edu) under “Majors, minors, certificates”

6. Undergraduate Academic Certificates

Certificates typically require you to complete 12-20 hours, the majority of which must be advanced. You can view the list of undergraduate academic certificates at UNT and the requirements for each in the catalog (catalog.unt.edu) under “Majors, minors, certificates.”

Certificates may be used to:

- Meet workforce needs
- Provide life and career skills
- Allow specialization in academic disciplines

Elements of a Bachelor's Degree

7. Electives

Electives are any credit hours necessary to reach the minimum number of total credit hours required for your degree after all other requirements have been satisfied.

Advanced electives may be required in order to meet the university advanced credit hour requirement. UNT requires a minimum of 36 advanced hours in order to graduate. Many degrees at UNT require at least 42 advanced hours. Please see college/school degree requirements of your major in the catalog for details, and visit with your academic advisors about minors, certificates, and electives.

The situation will be different for every student.

General Electives	1000-4000 level courses
Advanced Electives	3000-4000 level courses

8. Transfer of Credits – How Will Previously Earned Credit Apply to Your Major?

Transferability vs. Applicability

When you send transcripts or test scores (like AP, IB, or CLEP) to UNT, the **Admissions Office** reviews and accepts all eligible credit. This is called **transferability** – it tells you how many total credit hours UNT will count. But just because a course transfers doesn't mean it automatically applies to your degree.

That's where **applicability** comes in. Your **academic advisor and college** will review your accepted credits to see which ones count toward:

- Your **core curriculum**
- Your **major requirements**
- Any **electives** needed for graduation

Some classes may not fit into your degree plan, even if UNT accepted the credit.

In simple terms:

Transferability = Credit UNT accepts

Applicability = Credit that counts toward your specific degree

Please see your academic advisor if you have any questions about the transfer and application of your incoming credits.

9. Transfer of Core Courses

Successful completion of a 42 semester-credit-hour common core curriculum at a Texas public institution of higher education allows you to transfer to UNT as "core complete." You will need to work with an academic advisor in the appropriate college/school academic advising office to determine if additional requirements will be necessary to satisfy the 42-hour UNT core. See the UNT transfer articulation web page at registrar.unt.edu/transfer-guides and the transfer course equivalency and degree planning guide tool, Transferology, at transferology.com for online resources.

10. Dual Credit, AP, and IB Credit

Most dual credit, AP and IB programs offer courses that can be used towards core requirements. Use the charts on the next few pages to determine how your credit will transfer to UNT. Find your courses under the appropriate columns and mark the UNT equivalent. Make sure you talk to your academic advisor about the courses you completed. Please note that dual credit transcripts must be sent from the community college or university through which the class was offered.

11. Texas Common Course Numbering System (TCCNS)

The Texas Common Course Numbering System (TCCNS) has been designed for the purpose of aiding you in the transfer of general academic courses between colleges and universities throughout Texas. The system ensures that if you take a course the receiving institution designates as common, then the course will be accepted in transfer and the credit will be treated as equivalent to the course offered by the receiving institution. The TCCNS chart (on pages 13-14) lists the courses that the associate deans at UNT have identified as common and their TCCNS equivalents. <https://tccns.org/>

UNT Awarded College Credit

Advanced Placement

Use the chart below to determine which AP examinations are accepted at UNT. Please take note of the required score, hours granted, and the UNT course equivalent. The UNT AP Institution Code is **6481**

AP Examination	AP Exam Score	Credit Hours	UNT Course Equivalent

UNT Awarded College Credit

International Baccalaureate (IB)

UNT awards a minimum of 24 hours of credit if you completed the IB Program and received the IB Diploma. You must earn a minimum score of 4 on tests that count toward the diploma. UNT Admissions will certify the examination credit based on the qualifying scores.

If you completed a high school IB Program but have not earned the diploma and scored 5, 6 or 7 on the higher level IB examination you will receive college credit at UNT. See chart below for details. The UNT IB Institution Code is 01800.

*The minimum score requirements for awarding credit based upon IB exams is subject to change.

Subject area	IB Exam Score	Hours	UNT equivalent
Arabic - Language B, AB	5 or higher	12	ARBC 1010, 1020, 2040, 2050

Degree planning, time management, and organizational skills are essential to having a successful college experience. See more here

University Core Curriculum

Statement of Purpose

Through the Texas Core Curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world, develop principles of personal and social responsibility for living in a diverse world, and advance intellectual and practical skills that are essential for all learning.

Individual academic programs may require courses contained in parts of the University Core Curriculum (fulfilling both core and major requirements simultaneously). Check with your academic advisor for assistance in selecting core courses.

NOTE: The university core is still in progress and some courses that are not listed here are awaiting approval to be included in the core. Some courses, though approved, may not be offered every semester.

Communication - English Composition and Rhetoric (2 Courses/6 Credit Hours):

The first semester of English Composition teaches you how to write an essay. The second semester teaches you how to write a research paper, brochure or manual. A grade of C or better is required for both Communication courses.

Composition I--> Group 1

ENGL 1310 First-Year Writing I
 ENGL 1311 Honors First-Year Writing I
 ENGL 1315 Writing About Literature I

Composition II--> Group 2

ENGL 1320 First-Year Writing II
 ENGL 1321 Honors First-Year Writing II
 ENGL 1325 Writing About Literature II

TECM 1700 Introduction to Professional, Science and Technical Writing

TECM 2700 Technical Writing

Interested in creating technical documents such as brochures or manuals? TECM 2700 will teach you how to create both. This class is required by some majors.

Mathematics (1 Course/3-5 Credit Hours):

This is a college-level math course. Some majors require specific and/or additional mathematics courses; see your academic advisor for more information. Incoming freshman will be given a placement group number by the Department of Mathematics. In some cases, a mathematics placement exam may be required or recommended. Math placement information can be found on the Math Department's website: <https://math.unt.edu/undergraduate/placement.html>. Your math level or placement is only valid for one school year. See the math chart below to determine which math course is right for you. Please note: **MATH 1100 (College Algebra) is not in the core.**

Group 1	MATH 1100 Algebra MATH 1180 College Math for Business, Economics, Life Sciences, and Related Fields MATH 1580 Survey of Mathematics with Applications MATH 1680 Elementary Probability and Statistics
Group 2B	MATH 1190 Business Calculus
Group 2	MATH 1650 Pre-Calculus (5 hrs)
Group 2C	MATH 1600 Trigonometry*
Group 3	MATH 1710 Calculus I (4 hrs) *

*Courses with an asterisk have prerequisites and/or may be restricted to specific majors. See current undergraduate catalog for details.

University Core Curriculum

Life and Physical Sciences (2 Courses/6 Credit Hours):

This category consists of two courses from the Natural & Life Sciences and/or the Physical Sciences. Some majors require specific and/or additional laboratory science courses. Some physical science courses require knowledge of mathematical concepts.

***Courses with an asterisk have prerequisites and/or may be restricted to specific majors. See the undergraduate catalog for details.**

****Laboratories are required as co-requisites for many science lecture courses but are not required to meet core requirements.**

Natural and Life Sciences

ANTH 2700	Human Variation: Biological Anthropology, Evolution, and Forensics (Same as BIOL 2700)
ARCH 2800	Archaeological Science
BIOL 1082	Biology for Educators (for elementary education majors only)
BIOL 1112	Contemporary Biology

PHYS 1410/1430	General Physics I*/Lab**
PHYS 1420/1440	General Physics II*/Lab**
PHYS 1510/1530	Gen. Physics with Calculus I*/Lab**
PHYS 1520/1540	Gen. Physics with Calculus II*/Lab**
PHYS 1710/1730	Mechanics*/ Lab**
PHYS 2220/2240	Electricity and Magnetism*/ Lab**

Courses shaded in green are recommended for Non-STEM majors (Science, Technology, Engineering, and Math majors).

You will begin seeing courses in this section with different classification levels.

- Freshman/Sophomore courses: 1000/2000 level
- Junior/Senior courses: 3000/4000 level

Creative Arts (1 Course/3 Credit Hours):

This category expands your appreciation of the arts.

ANTH 2400	AnthroPop: Symbolic Anthropology and the Artistry of Popular Culture	MUMH 1610	Music as Communication
ART 1300	Art Appreciation for Non-Art Majors	MUMH 2040	Music Appreciation
ART 1301	Honors Art Appreciation	MUMH 2050	Sounds and Cinema
ART 2360	Art History Survey II	MUMH 2060	History of Rock
ART 2370	Art History Survey III	MUMH 2080	Music & Sound in Video Games
COMM 2060	Performance of Literature	MUMH 3000	Nineteenth-Century Music
DANC 1200	Appreciation of Dance as a Contemporary Art Form	MUMH 3010	Twentieth-Century Music
DANC 2800	Survey of Dance	MUMH 3100	Music, Gender, Sexuality
MUCO 1200	Analysis and Critical Listening in Commercial Music and Music Production	MUMH 3200	Music as Politics
MUCO 3500	Cultures of Hip Hop	MUMH 3520	Issues in Western Music History
MUET 3060	African American Music	PHIL 1900	Philosophy of Art
MUJS 3400	Understanding and Appreciating Jazz in US and World History and Culture	THEA 1340	Aesthetics of the Theatre throughout the World
		THEA 2340	Theatre Appreciation
		THEA 3030	World Theatre to 1700

University Core Curriculum

Language, Philosophy and Culture (1 Course/3 Credit Hours):

This category focuses on how ideas, values, beliefs and other aspects of culture affect the human experience. Foreign language courses do not satisfy this requirement. Before enrolling in a Language, Philosophy, and Culture class it is recommended that you successfully complete the first semester of College Writing.

AGER	2250	Images of Aging in Film and Literature		ENGL	2331	World Literature
				ENGL	2341	Forms of Literature
ANTH	3101	Issues in Contemporary American Culture and Society		ENGL	2351	Mexican American Literature
				ENGL	3450	Short Story
ANTH	3110	Indigenous Peoples of North America		GEOG	1000	National Parks: America's Best Idea
ANTH	3120	Indigenous Cultures of the Southwest		HDFS	2313	Courtship and Marriage
ANTH	3130	African American Anthropology		HIST	1050	World History to the Sixteenth Century
ANTH	3140	Latinos in the U.S.		HIST	1060	World History from the Sixteenth Century
ANTH	3200	Latin America		KINE	2050	Sociology of Sport
ANTH	3210	Meso America		LING	2050	The Language of Now: Pop Culture, Technology and Society
ANTH	3220	Mayan Culture		LING	3010	African American English

ANTH	3400	Peoples and Cultures of Africa		MUET	3030	Music Cultures of the World
ANTH	3500	Cultures and Civilizations of the Middle East		PHIL	1050	Introduction to Philosophy
ANTH	3700	Peoples and Cultures of South Asia		PHIL	1400	Ethics and Society
ANTH	3710	Peoples and Cultures of East Asia		PHIL	2050	Logic and Critical Thinking
ART	2350	Art History Survey I		PHIL	2070	World Religions
ENGL	2321	British Literature		PHIL	2600	Ethics in Science
ENGL	2326	American Literature		THEA	3040	World Theatre after 1700

American History (2 Courses/6 Credit Hours):

This category focuses on the consideration of past events and ideas relative to the history of the United States.

HIST	2610	United States History to 1865	or	HIST	2675	Honors United States History to 1865*
HIST	2620	United States History since 1865	or	HIST	2685	Honors United States History since 1865*

HIST 3700 (Texas) may apply towards HIST 2610 or 2620. This is an advanced course (junior level).

Government/Political Science (2 Courses/6 Credit Hours):

This category focuses on the consideration of the Constitution of the United States and the constitutions of the states, with special emphasis on the state of Texas.

PSCI	2305	US Political Behavior and Policy	or	PSCI	2315	Honors US Political Behavior and Policy*
PSCI	2306	US and Texas Constitutions and Institutions	or	PSCI	2316	Honors U.S. and Texas Constitutions and Institutions*

Social and Behavioral Sciences (1 Course/3 Credit Hours):

This category focuses on the application of empirical and scientific methods that contribute to the understanding of what makes us human. Courses involve the exploration of behavior and interactions among individuals, groups, institutions and events, examining their impact on the individual, society and culture.

AGER	4560	Minority Aging		BEHV	2300	How Behavior Works
AGER	4800	Social Context of Aging: Global Perspectives		CJUS	2100	Crime and Justice in the United States
ANTH	1010	Introduction to Anthropology		COMM	2020	Interpersonal Communication
ANTH	2300	Culture and Society		EADP	1010	Exploring Disasters
BAAS	3000	Pathways to Civic Engagement				

*Courses with an asterisk have prerequisites and/or may be restricted to specific majors. See current undergraduate catalog for details.

University Core Curriculum

EADP	4050	Social Vulnerability in Disasters	MDSE	2750	Consumers in a Global Market
ECON	1100	Principles of Microeconomics	PADM	2100	Cultural Competency in Urban Governance
ECON	1110	Principles of Macroeconomics	PSYC	1630	General Psychology I
FIPL	2770	Show Me the Money: Lessons in Money Education	RESM	3450	Social Issues in Recreation, Event, and Sports Organizations

HLTH	2200	Family Life and Human Sexuality			
JOUR	1210	Mass Communication and Society			
LING	3060	Principles of Language Study			

Component Area Options (2 Courses/6 Credit Hours):

Component Area Option courses are designed to help you further develop the tools necessary for full engagement in the undergraduate experience. Students must complete an additional six hours of coursework from any of the categories above or from Component Area Option A or Component Area Option B courses listed below.

Please note that only three hours of this requirement may be satisfied by courses designated as Component Area Option B.

Consult with your academic advisor to determine whether specific Component Area Option courses are necessary to make timely degree progression in your chosen field of study.

Component Area Option A

ANTH	1150	World Cultures through Film	MTSE	1100	DiscoverHow and Why Materials “Matter”
COMM	2040	Public Speaking	MUMH	3500	Music History & Literature to 1750
COMM	2140	Advocating in Public	MUMH	3510	Music History & Literature Since 1750
COUN	2620	Diversity and Cultural Awareness	PHIL	2500	Environment and Society
HDFS	3423	Family, School and Community	PHIL	3900	Philosophy of Food
HMGY	1450	Principles of Nutrition	PHIL	4150	Feminism
JOUR	2250	Media Literacy	PHIL	4200	Science, Technology and Society
MATH	1720	Calculus II	SOCI	2070	Introduction to Race and Ethnic Relations

MJUS	3070	History of Jazz	TECM	1600	AI in Professional Settings
MKTG	3010	Foundations of Selling and Communication			

Component Area Option B

COMM	1010	Introduction to Communication	MKTG	2650	Culture and Consumption
COMM	1440	Honors Classical Argument*	PHED	1000	Scientific Principles and Practices of Health-Related Fitness
CSCE	1010	Discovering Computer Science	RHAB	3000	Active Listening in the Helping Professions
HDFS	2033	Parenting	TECM	1500	New Media Experience
INST	2100	Introduction to International Studies	WGST	2100	Introduction to Women’s and Gender Studies
JOUR	2300	Principles of News			
LING	2070	Language and Discrimination			

*Courses with an asterisk have prerequisites and/or may be restricted to specific majors. See current undergraduate catalog for details.

PLEASE NOTE: Only 3 hours from the 6 hours required “Component Area Option” may be satisfied by courses designated as Core Option B. Consult with your academic advisor to determine the best selection of courses.

Section 3

Degree Progression and Timely Graduation

- Degree Audit and Grade Point Average
- Academic Standing
- Drops, Withdrawals, and Incompletes
- Academic Policies
- Satisfactory Academic Progress and Graduation

Degree Audit and Grade Point Average

Planning your degree successfully means understanding what classes you need, the best order to take them in, and any department rules—like admission or graduation requirements. Your academic advisor can provide an official degree audit to help guide you through your major. This audit outlines all the requirements you need to complete your degree. Be sure to review an updated audit and plan each semester so you can stay on track and monitor your progress.

Online Degree Audit

Your online degree audit—also called the interactive audit—is a user-friendly tool that shows all of your degree requirements in one place. It's a great way to stay on track for graduation and come prepared for advising appointments.

Your audit will show you:

- Credit hours earned and credit hours currently in-progress
- How courses apply to your degree
- Your UNT GPA, overall GPA, and major GPA
- “What if” degree audits to explore different majors

At the end of each semester, your audit updates automatically as grades are posted and requirements are completed. The online degree audit is not an “official” document. An official degree audit is a document which can be requested from your academic advising office.

Using this tool along with your academic advisor can help you make informed decisions about your time, money, and course choices while at UNT. For more information or help reviewing your audit, contact your academic advising office to schedule an appointment.

Grade Point Average

Your GPA (grade point average) is the average of the grades you have earned in your classes. At UNT, you'll have two GPAs:

- UNT GPA: Includes only the classes you take at UNT
- Overall GPA: Includes both UNT classes and any transfer coursework

Your GPA is important! It can affect honors eligibility, financial aid, graduation, and your academic standing.

Be sure to check both your UNT and overall GPA each semester so you can know where you stand. You can find both on your degree audit.

Grade point value:

- A = 4 points per credit hour
- B = 3 points per credit hour
- C = 2 points per credit hour
- D = 1 point per credit hour
- F = 0 points per credit hour

Calculate your GPA:

- 1) Multiply hours attempted by the grade point value earned for each class.
- 2) Total your number of grade points.
- 3) Divide total points by total of all your attempted hours.

That's your GPA!

Types of GPAs

Semester GPA – The GPA you earned only for the courses you took at UNT for the specific semester.

Used for calculating semester honors (awarded for fall and spring only).

- President's List - Earn 4.0 semester GPA in a minimum of 12 hours of graded coursework in residence at UNT
- Dean's List - Earn at least a 3.5 semester GPA in a minimum of 12 hours of graded coursework in residence at UNT.

UNT GPA (CGPA) – Your cumulative GPA for all of the hours you have attempted at UNT (determines academic status). Your UNT GPA does NOT include transfer work.

Overall GPA – A combination of your UNT and transfer GPA (graduation GPA). Available via online degree audit.

Used for calculating honors for graduation.

- Cum Laude - 3.500 to 3.699
- Magna Cum Laude - 3.700 to 3.899
- Summa Cum Laude - 3.900 to 4.000

Major GPA – Your major GPA is calculated separately from the overall GPA. Pre-major GPA requirements are in place for some programs, and most majors require a minimum GPA for graduation. The university will keep track of your UNT GPA and semester GPA to determine your academic standing.

Academic Standing

The university will keep track of your UNT and semester GPA to determine your academic standing.

Visit <https://vpaa.unt.edu/advising/gpa/standing> for additional resources and tips to get back to good standing.

STATUS	DEFINITION	NEXT STEPS
Good Standing	<ul style="list-style-type: none"> 2.0 or higher UNT GPA** 	Maintain your UNT GPA at a 2.0 or higher
Academic Alert	<ul style="list-style-type: none"> Lower than 1.8 UNT GPA your first semester; or 2.0 GPA in subsequent semesters** Freshman only 	Raise your UNT GPA to 2.0 to return to Good Standing OR be placed on Probation Mandatory advising May be required to attend Academic Coaching
Probation	<ul style="list-style-type: none"> Lower than 2.0 UNT GPA Freshman who were previously on Academic Alert Sophomore, Juniors, and Seniors 	Raise UNT GPA to 2.0 to return to Good Standing OR earn a 2.25 semester GPA to be on Continued Probation to avoid Suspension ♦ Mandatory advising May be required to attend Academic Coaching
Continued Probation	<ul style="list-style-type: none"> Lower than 2.0 UNT GPA Previously on Academic Alert but earned a semester GPA of 2.25 or higher 	Raise UNT GPA to 2.0 to return to Good Standing OR earn a 2.25 semester GPA to be on Continued Probation to avoid Suspension Mandatory Advising May be required to attend Academic Coaching
Suspension	<ul style="list-style-type: none"> Lower than 2.0 UNT GPA Previously on Probation or Continued Probation but earned lower than 2.25 semester GPA for the Fall or Spring term 	Meet with your academic advisor to discuss course equivalencies for the community college; May be allowed to enroll in the Summer semesters; Raise UNT GPA to 2.0 and return to Good Standing ; Return to UNT after Suspension and enroll on Probation Mandatory Advising

** The minimum cumulative UNT grade point average you must achieve to remain in good standing is 1.8 in your first semester. A 2.0 minimum cumulative UNT grade point average must be achieved for all subsequent semesters.

♦ You will remain on academic probation during any summer enrollment in which you fail to raise your UNT GPA to a 2.0.

Careful! F's are still attempted hours and count against you!

Credit hours earned by AP, CLEP, IB, and/or Credit by Examination do not average into your GPA

Drops, Withdrawals and Incompletes

At the University of North Texas, there are options if something unexpected affects your semester, including **dropping a course, withdrawing, or requesting an incomplete**.

Before making a decision, talk with your instructor(s) and academic advisor to understand how each option may impact your GPA, financial aid, and graduation timeline. They can also help you explore ways to improve your performance and stay in the course.

If you are considering dropping a class, please review all your options first. Dropping may delay graduation and cost you additional time and money. For guidance on what to consider before making your decision, scan the QR code above.

Dropping vs Withdrawing

Topic	Dropping a Class	Withdrawing
What it means	You're removing one or more classes, but staying enrolled in others.	You're removing all of your classes for the semester and leaving UNT (for now).
When it happens	You can drop classes up until a certain deadline (check the academic calendar!).	You can withdraw any time before the withdrawal deadline. Deadlines are posted online.
How it shows on your transcript	If you drop early (before the census date), nothing appears. After that, you'll see a "W" for withdrawn.	Same here! If you withdraw after the census date, your transcript will show W's.
Money matters	If you drop early, you might get a refund. After a certain date, there's no refund.	Depending on when you withdraw, you may get some tuition refunded. It's based on state rules.
Impact on financial aid	Dropping a class could affect your aid—especially if you drop below half-time.	Withdrawing might mean you owe back part of your aid, depending on how much of the term you completed.
Your student status	You're still enrolled at UNT and just taking fewer classes.	You're no longer enrolled this term, but you can always come back!
How to do it	Log in to myUNT and drop the class yourself.	You'll need to reach out to the Dean of Students Office to get the process started.

Six-Drop Rule

If you started college in Fall 2007 or later, you can drop up to **six courses total** during your academic career. This limit includes any classes you dropped at other Texas public colleges or universities.

Courses dropped before the census date do not count toward this limit. Withdrawing from a full term or session also does not count.

For possible exceptions to this policy, review the UNT undergraduate catalog or talk with your academic advisor.

Incompletes

An "Incomplete" may be allowed in emergency situations, but only if approved by your instructor. The course must be 75% complete and you must be passing. The coursework must be completed within one year of granting the grade of "I".

Academic Policies

Add/Drop Period and Deadlines

Once you have made the decision to drop, you need to be aware of the deadlines posted on the Academic/Registration Calendar on the Registrar's Office website. Scan the QR code to view the calendar:

Add/Drop Period:

- First week of a Fall or Spring semester. Summer Add/Drop periods are accelerated. See the Registration Calendar for more information

Open Drop Period (no adds):

- After the Add/Drop Period ends but before the census date you may no longer add courses, but you can still drop a course through your UNT Student Homepage.
- Courses dropped during this period will not be recorded and will not count as one of your six drops.
- May be done online through the myUNT portal.

Recorded Drop Period:

- Courses dropped during this period will be recorded (ex: "W").
- Courses dropped during this period will count toward your six drops.
- Students can drop courses on their own during this time period via the student portal in myUNT.

Always confirm your drop in your Class Schedule, which can be viewed by clicking the Enrollment tile, then the View My Classes tile in myUNT.

Repeating Courses for Grade Replacement

You may need to repeat a course if you didn't earn the minimum grade required for your degree or program. Most courses can be taken a maximum of three times. **Before enrolling again, meet with your academic advisor to make sure repeating the course is the right next step.**

Excess Hours/Excessive Undergraduate Hours

Undergraduate Texas Residents may be charged a higher tuition rate if they attempt too many credit hours. Excess hours are any credit hours attempted beyond what's required for your degree. At UNT, going over your degree plan hours may result in increased tuition. Attempted hours include:

- Courses you pass or fail
- Repeated or duplicated courses
- Courses dropped with a "W".

For more details about which courses count toward excess hours, visit: <https://registrar.unt.edu/registartion/excessive-hours.html>. You can view your excessive hour status in myUNT by clicking the Academic Records tile and then the View Excess Hours link on the left.

Excess Hours?

Track your attempted hours. If you go 30 hours above what is required for your degree plan, you may have to pay extra.

Satisfactory Academic Progress & Graduation

The Financial Aid office will review your Satisfactory Academic Progress (SAP) every semester using two standards: your UNT Cumulative GPA (UNT CGPA) and course completion rate. If you fall below one of the determined standards you may not be eligible to receive your financial aid. For information on SAP please go to <http://financialaid.unt.edu/sap>

- **UNT CGPA Requirements of SAP:** The minimum cumulative UNT grade point average for undergraduate students is 1.8 for the first term of enrollment and a 2.0 for all subsequent semesters.
- **Course Completion Rate of SAP:** You must successfully complete at least 67% of your cumulative attempted credit hours. Attempted hours include repeated, failed, incomplete, withdrawn from, and transfer credit hours.

PLEASE NOTE: You are required to notify Student Financial Aid and Scholarships BEFORE dropping classes or withdrawing from the university. By doing so, you will be advised about current and/or future financial aid eligibility.

Maximum Hour Limit

In addition to meeting UNT GPA and course completion rate standards, you must not have registered for, earned or attempted more than a specific cumulative maximum of semester hours as an undergraduate student. This limit is effective whether or not financial aid has ever been applied for or received.

The current maximum is 150% of the student's required degree plan. The maximum includes all hours registered for, earned or attempted at any institution of higher education. This includes hours you have dropped, withdrawn from, failed, duplicated or never completed. If you exceed the maximum number of hours allowed by your degree plan, your financial aid will be canceled.

Graduation

Graduation Checks

It is highly encouraged that you contact your college/school advising office for a graduation check two semesters before you plan to graduate. A graduation check ensures you are actually eligible for degree completion and graduation. <https://registrar.unt.edu/apply-degree-conferral-graduation-commencement>

Graduation Applications

You must apply for graduation through your my.unt.edu portal during the semester that you intend to graduate by the posted deadline. For additional information on applying for graduation and the application deadline visit: registrar.unt.edu/apply-graduate

The Graduation division of Records in the Registrar's Office is responsible for working with UNT's Colleges and Schools to verify, approve, and post all student degree awards. In addition, they coordinate UNT's commencement ceremonies. For information about undergraduate graduation call 940-565-2111.

If you are currently enrolled at UNT and another institution during the semester you plan to complete all degree requirements, you must wait until the following semester to file for graduation

Financial Benefits to Timely Graduation

Statewide \$1,000 Tuition Rebate

You may be eligible for a \$1,000 rebate if you:

- Meet Texas residency requirements at all times while pursuing a degree
- Graduate within 3-hours of your minimum degree requirements

To review the full list of rebate eligibility requirements and detailed rules on administration of the rebate go to: <http://registrar.unt.edu/graduation-and-diplomas/1000-tuition-rebate>

To find out about your tuition options visit:
saveandsoar.unt.edu

Section 4

Plan Your Semester and Registration

- Preparing for Registration
- Registration Tips
- Registration Checklist
- Advising Appointment Checklist

Preparing for Registration

Registrar Website

Review important registration information online at <http://registrar.unt.edu/registration.html>

This will include:

- The schedule of classes by semester
- Transfer Guides
- Your online degree audit
- Registration guides
- Drop, incomplete, and withdrawal deadlines

Undergraduate Catalog

To learn more about your classes for the upcoming semester see the Undergraduate Catalog at <https://catalog.unt.edu>

The catalog will show you:

- Degree requirements - majors, minors, certificates
- Course descriptions, including prerequisites
- University policies

Meet with Your Academic Advisor

Talk to your academic advisor early in the semester about:

- Planning your schedule
- Course selection
- Prerequisites for courses you plan to take
- Any AP, CLEP, IB, military, and dual credit you may have earned

It's not just class selection! Your academic advisor can help you overcome academic hurdles, connect you to student services, campus resources, and more!

See page 30 for a list of helpful questions to take with you to your advising session.

Consider the following when choosing courses:

- What time of day do you work best? Are you a morning person or a night owl?
- How many days do you want to be in class? Remember many courses are scheduled 1, 2, or 3 times a week.
- In what type of learning environment do you work best? Would you prefer online or face-to-face?
- Are you organized and self-motivated? Do you manage time well? All are necessary while taking online courses.
- Would delaying a certain course this semester put you "off track" for your projected graduation date?
- Do you have enough time between classes to: read your textbooks, study for a test, or run errands?
- You need to create a balance between your academic and social lives—both are important pieces to your college experience.
- Students should successfully complete at least 30 credit hours each year to potentially fulfill all degree requirements in four years.
- Use the Visual Schedule Builder to help you create your ideal schedule.

Registration Tips

1. Are you TSI (Texas Success Initiative) Complete?

- If you are **not TSI complete**, you must meet with a TSI advisor before registering.
- You must enroll in mandated courses before registering for your other courses. Please see page 17 for Math courses listed by placement level
- TSI-mandated courses cannot be waitlisted
- Questions about TSI? You can contact a TSI Advisor: Sage Hall 170, 940-565-3633, tsi@unt.edu, <https://vpaa.unt.edu/aservices/tsi>

2. Math Placement

- Refer to the math chart on page 15 for a list of entry-level courses that do not require any prerequisites or placement tests beyond math TSI exemption or completion
- Math placement levels are determined upon your admission into the University of North Texas
- If you are TSI complete in math and attempting to place into a higher level than original placement, visit <https://math.unt.edu/academics/mathematics-placement> for more information on placement testing
- The Department of Mathematics placement test:
 - Students are permitted to take the UNT Math Placement test ONE time only
 - Can be taken online from any computer with a webcam and reliable internet access or on campus in the Mathematics Undergraduate Advising & Testing Center (GAB 443) Monday through Friday between 8:30 am – 3:00 pm.

3. Check for Possible Holds on Your Account

Each semester all students must complete the UNT Registration Guide which is found under their Task Tile on their myUNT. There are multiple steps that must be reviewed, completed, and submitted. Upon completion of the UNT Registration Guide these holds will be removed. These holds include:

- **Student Financial Obligation** – a hold placed on your account *every semester*. You must read through the financial requirements of the registration process. Read and click “confirm” to remove the hold
- **Transcript** - a hold placed by Admissions for missing transcripts
- **Advising Required** - a hold placed by an advising office, must meet with an academic advisor to have hold removed
- **TSI Not Complete** - a hold indicating you are TSI-incomplete and must meet with a TSI Coordinator to register
- **Meningitis** - All new students must provide evidence of vaccination against bacterial meningitis. Immunization records or a UNT Meningitis Medical Exception form can be uploaded through the myUNT portal. Exemptions for Reasons of Conscience must be submitted in person to the Registrar’s office to be valid.
- **Dean of Students** - a hold placed by the Dean of Students Office. You must meet with their office to have this hold removed.

4. Using the Waitlist Option

- The waitlist feature allows you to place yourself on the waitlist for a class section that is full and be given a position number. As seats open up in the class, students will be auto-enrolled according to their position number
- When trying to add courses to the waitlist, you can not add courses that conflict with times you have other courses in your schedule, unless you use the swap function
- You can not waitlist a course that puts you over 19 hours in a semester
- Diligently check your schedule during add/drop to see if a course you waitlisted was added to your schedule
- Students are encouraged to enroll in another section if their first choice is waitlisted
- Waitlisted classes will always show up in your enrollment summary
- Waitlisting a course does not guarantee you a spot in the course
- If one of your waitlisted courses is added to your schedule, you must pay by the posted deadline.
- For additional instructions on using this feature: <https://registrar.unt.edu/waitlists>

5. Course Details

Course details are available through the Enrollment tile on your MyUNT dashboard. Class information will include:

- Enrollment information
- Prerequisites - a course or requirement that must be completed successfully before enrolling in a course

Registration Tips

Course Details cont.

- Corequisites - a course or requirement which must be taken concurrently with another course
- Class notes
- Class details
- Credit hours
- Class Availability
- Meeting information (face to face, online, etc.)

When reviewing section options, be aware that sections listed may be offered off the UNT main campus. Examples: Discovery Park , UNT at Frisco, Collin Higher Education Center

- Online courses - some sections of online courses are restricted to students who are in-state online learners, out-of-state distance online learners, or Coursera students.

Example: CHEM 1410 (1311). General Chemistry for Science Majors. 3 hours (3;0;1*) Fundamental concepts, states of matter, periodic table, structure and bonding, stoichiometry, oxidation and reduction, solutions, and compounds of representative elements. Prerequisite(s): MATH 1100 or equivalent. May be used to satisfy a portion of the Life and Physical Sciences requirement of the University Core Curriculum. *This hour is a problem-solving session

6. Determining Your Course Load

Based on your degree plan, it may be necessary to register for 15 or more hours a semester and possibly attend summer sessions. Check with your advisor to learn more about the recommended courseload for your major.

- Full-time: 12 hours
- Average course load: 15 hours
- Maximum hours: 19 hours during fall and spring semesters and 18 hours during the summer semester (see your academic advisor to determine how many hours you may take in various summer terms)
- Overload approval is needed if attempting to register for more than 19 hours

7. Course Numbering or Level

- 1000: Freshman courses – lower level
- 2000: Sophomore courses – lower level
- 3000: Junior courses – advanced level
- 4000: Senior courses – advanced level

Remember! For every hour you are in class per week, you should be prepared to study two hours outside of class. This is a total of at least 45 hours per week dedicated to your academic work. More than a full time job!

8. Determining if a Course Needs a Permission Code

- If a permission code is required to register for a class, it will be listed in “Class Notes” within the course description
- Contact the department offering the course to receive the permission code.
Hint: This is not your advising office.
 - **Example:** If a Chemistry course requires a permission code to enroll, you will contact the Chemistry department for assistance.
- Out-of-state or in certain majors
- All courses will display a default permission code box, but not all courses will require a code

Looking for additional sections when registering? Click “Display More”

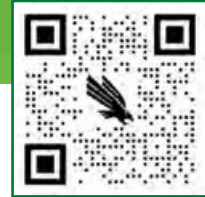

9. Concurrent Enrollment

- If you are taking classes at UNT and wish to enroll concurrently at another institution during the same semester, you must first secure the permission of your advising office at UNT
- Concurrent enrollment during your last semester at UNT may delay your graduation date
- Always check with your academic advisor and Financial Aid when considering concurrent enrollment

Registration Checklist

Scan this QR code for a guide to UNT registration

1. Register for classes

- Check your MyUNT enrollment tab or the Registration guide for your registration date <https://registrar.unt.edu/when-can-i-register>
- Register for classes at my.unt.edu
- Need a step by step guide for the registration process? See page 38 or <https://registrar.unt.edu/registering-courses-through-myunt>

2. Check Your Financial Aid Status

- Check your MyUNT student portal and EagleConnect e-mail regularly for financial aid information and updates to your account
- Visit Student Financial Aid & Scholarships (SFAS) in the Eagle Student Services Center (ESSC) if you have any questions.
- Familiarize yourself with the SFAS Satisfactory Academic Progress (SAP) policy available at <https://financialaid.unt.edu/sap> and adhere to all class enrollment and attendance policies

3. Make Your Payment

- Payment arrangements should be made after enrolling in courses, but before the payment deadline; payment can be made in your MyUNT account or through the Student Accounting Office located on the first floor of the Eagle Student Services Center (ESSC). Deadlines are posted on the Student Accounting website. <https://studentaccounting.unt.edu/important-dates>
- Nonpayment will result in loss of enrolled courses. You will have to re-enroll and plan your semester schedule based on the availability of classes at that time, which will likely be limited
- It is your responsibility to ensure any financial aid payments will be applied by the deadline

If you make any changes to your schedule, please check your account balance at my.unt.edu. You should also check with Financial Aid for any changes to your semester aid.

4. Confirm Your Schedule

- Print out a copy and review your schedule
- Confirm your enrollment and view your schedule at any time by checking the enrollment tab of your MyUNT account
- Remember, enrollment information can be found on your MyUNT account, NOT on Canvas. Courses will be available on Canvas on the first day of class. Not all of your courses will include a Canvas component

Advising Appointment Checklist

Preparing for your advising appointment helps you make the most of your time and stay on track for graduation. Use this checklist to come prepared.

Review Your Degree Audit

- Review your degree audit at <https://registrar.unt.edu/online-degree-audit/index.html>
- In your degree audit, check:
 - Your completed courses
 - Remaining degree requirements
 - Any missing prerequisites
 - Credits remaining to graduate

Prepare Your Questions

Advisors can help with much more than what courses to register for! Come to your appointment with 2-3 questions, such as:

- Are there any important prerequisite courses that I should take early on in my degree?
- What should I do this semester to ensure that I am making strong academic progress?
- What resources are available to me as a UNT student? (Counseling & Testing, Student Employment, Career Center, etc.)
- Are there any tutoring services, workshops, or support programs I should consider?
- How can I get involved in student organizations or campus events related to my major?
- Can you explain the internship process for my field?
- How can I start preparing for graduate school?

Plan Possible Classes

Bring a list of potential courses for the upcoming semester. Your advisor can help you refine your choices and ensure they align with your degree plan. Starting with course ideas also frees up time to discuss goals, resources, and opportunities beyond scheduling.

If you are unsure where to start consider:

- How many classes you want to take
- Your expected workload and outside commitments
 - See page 26 for more important things to consider when planning your classes

Know Important Dates

Be aware of key academic deadlines, including:

- Registration opening date for your classification
- Add/drop deadlines
- Tuition payment deadlines
- First day of the semester

You can find the UNT Academic Calendar here: <https://registrar.unt.edu/academic-calendar-by-semester.html>

You can find your registration date here: <https://registrar.unt.edu/when-can-i-register.html>

Think About Your Goals

Be ready to discuss:

- Your current major or interest in changing majors, adding minors, etc.
- Career goals or areas of interest
- Internship, research, or graduate school plans
- Preferences for your course load (lighter/heavier semesters, summer classes, etc.)

Arrive On Time & Prepared

Respect your advisor's time and maximize your appointment by bringing:

- Your list of class options
- Your prepared questions
- Any relevant documents

Remember: Advising is a partnership. When you come prepared and communicate your goals, your advisor can better support you in making informed decisions and staying on track for graduation.

Section 5

Campus Resource Guide

- Student Support Resources
- Free Speech and Hazing Policies

Student Support Resources

The University of North Texas strives to provide students and families with comprehensive academic and student services. **This resource guide is provided to introduce you to the resources that can help you successfully navigate your college experience.** The guide is arranged alphabetically by resource.

Career Center

Location: Sage Hall 202 | **Phone:** 940.565.2105 | **Website:** careercenter.unt.edu

Career advisors and employment resources are available to students of all majors and educational levels with regards to resume writing, interview tips, job search strategies and career advising. Career advisors and interactive computer programs provide information to assist students in choosing a major and/or career. The Eagle Careers Powered by Handshake job posting site is also available online for all students to find job opportunities on and off campus.

Center for Leadership Development

Location: University Union 335 | **Phone:** 940.565.3021 | **Website:** leadandserve.unt.edu

The Center for Leadership Development empowers students to grow into confident, career-ready leaders who can thrive in any environment.

Counseling and Testing Services

Location: Chestnut Hall 313 | **Phone:** 940.565.2741 | **Website:** counselingandtesting.unt.edu

Provides confidential, professional, short-term psychological counseling to currently enrolled students. Counseling is available for the areas of educational, vocational, marital, emotional, and personal adjustment and development for UNT students. Counseling and Testing Services also serves as a national testing center and computer-based testing site for the GRE, TOEFL and CLEP.

Dean of Students

Location: University Union 409 | **Phone:** 940.565.2648 | **Website:** deanofstudents.unt.edu

Responsible for addressing student conduct, enforcing university policies and procedures, and providing students with the resources necessary to resolve their own personal disputes. Provides numerous opportunities for intellectual, physical, emotional and social growth; advocates for students in crisis and helps students with personal challenges; offers general assistance and information on campus life and resources.

Division of Student Affairs

Location: Hurley Administration Building 207 | **Phone:** 940.565.4909 | **Website:** studentaffairs.unt.edu

Coordinates programs and services designed to address the needs of all students throughout their lifelong association with the university. The division is committed to excellence in developing student leadership competencies and life skills, fostering a sense of community, and enhancing the quality of student life.

Eagle Engagement Center

Location: University Union 377 | **Phone:** 940.565.3424 | **Website:** belong.unt.edu

The Eagle Engagement Center develops learning opportunities and provides collaborative programs for students to engage as active citizens and leaders in the community.

First-Generation Success Center

Location: University Union 377 | **Phone:** 940.369.5251 | **Website:** firstgen.unt.edu

The First-Generation Success Center is a resource center developed to better support first-generation students as they navigate college life. First-Generation students make up 41.5% percent of the undergraduate population at UNT. The center works to collaborate with campus partners to design workshops and presentations addressing topics such as campus resources, financial aid, financial literacy, college terminology, career preparation, and academic coaching.

Housing and Residence Life

Location: Welcome Center | **Phone:** 940.565.2610 | **Website:** housing.unt.edu

Assists students with on-campus housing arrangements. Provides a wide variety of residence-based educational and developmental programs.

Student Support Resources

Learning Center

Location: Sage Hall170 | **Phone:** 940.369.7006 | **Website:** learningcenter.unt.edu

Provides speed reading and study skills classes, volunteer tutors, supplemental instruction leaders, learning success workshops, academic success programs, and referrals to campus wide resources.

Math Lab

Location: Sage Hall 170 | **Phone:** 940.565.7006 | **Website:** math.unt.edu/mathlab

Serves UNT students enrolled in MATH classes at UNT at the 1000-2000 level, including NCTM developmental classes. Math Lab facilitators assist students in setting up problems, check that the students are approaching problems correctly, and encourage the students as they work through their assignments.

Office for Disability Access

Location: Chestnut 102 & 115 | **Phone:** 940.565.4323 | **TTY:** 800-RelayTX | **Website:** disability.unt.edu

Assists students with ADA-related concerns, educational access and accommodation by making recommendations to faculty and staff. Makes referrals for diagnostic evaluations and campus/community resources.

Orientation and Transition Programs

Location: University Union 376 | **Phone:** 940.565.4198 | **Website:** transition.unt.edu

Our programs and services are provided to help students and families successfully transition to college life. Programs/services include: Orientation, Eagle Camp, Family Weekend, Alpha Lambda Delta, Tau Sigma, Mentoring, Parent Programs, and the Transfer Center.

Pohl Recreation Center

Location: Pohl REC Center | **Phone:** 940.565.2275 | **Website:** recsports.unt.edu

Provides recreational opportunities for the entire UNT community. Some opportunities include aquatics, fitness, basketball, soccer, volleyball, climbing wall, walking/jogging track, 8-lane lap pool and leisure pool with spa. The center also provides intramural sports and sport clubs.

R.I.S.E. Center

Location: Chestnut Hall 301 | **Phone:** 940.565.3177 | **Website:** rise.unt.edu

As a college student, you have a lot on your plate to balance. From academics, work and social commitments, the RISE Center is here to support you and your goals. The RISE Center offers stigma free, nonjudgmental support services for students seeking information on alcohol and other drugs, along with peer recovery support. Our department houses two primary supportive services, the Substance Use Resource Education (SURE) program and the Collegiate Recovery Program (CRP).

Student Activities

Location: University Union 345 | **Phone:** 940.565.3807 | **Website:** studentactivities.unt.edu

The goal of Student Activities is to help students get involved on campus. Through a variety of events, services, and resources, we provide students with opportunities to connect to the University and to other students. We promote a sense of community and loyalty to the University while serving to enhance the social, intellectual, and developmental growth of students as individuals or as members of organizations.

Student Health and Wellness Center

Location: Chestnut Hall, Second Floor | **Phone:** 940.565.2333 | **Website:** healthcenter.unt.edu

The Student Health and Wellness Center (SHWC) is the on-campus medical clinic for UNT students. Students enrolled in the current semester who have paid the medical services fee are eligible to be seen. The SHWC offers treatment for injuries, illnesses, and other medical issues with convenient access to on-site laboratory testing and x-rays. Specialty services include gynecology, travel medicine, nutrition, psychiatry, and ADHD medication management.

Student Support Resources

Student Legal Services

Location: Union 372 | **Phone:** 940.565.2614 | **Website:** studentlegal.unt.edu

Offers a wide variety of legal assistance. The goal of this office is to counsel, advise, and represent University of North Texas students. Student Legal Services may write letters, draft legal documents, represent students, arrange for mediation, or otherwise attempt to resolve legal problems.

Student Money Management Center

Location: Eagle Student Services Center, Second Floor | **Phone:** 940.369.7761 | **Website:** moneymanagement.unt.edu

Partners with students to strengthen their personal financial knowledge and skills. Free services include personal consultations, online financial literacy resources, and workshops on a wide array of money management topics. The center also administers loan programs to help students address unanticipated expenses threatening their immediate enrollment. Team members and peer mentors are available to help students understand how financial independence can begin with financial responsibility.

UNT Libraries

Location: Varies | **Phone:** 940.565.2411 | **Website:** library.unt.edu

UNT has several libraries that facilitate teaching, learning, and research for students. Find your perfect study spot at the Willis or Sycamore library on the main campus, at Discovery Park, or UNT at Frisco.

UNT One Stop

Location: Eagle Student Services Center, Second Floor | **Phone:** 940.565.2000 | **Website:** scrappysays.unt.edu

The UNT One Stop serves as a central hub for information and assistance on various aspects of a UNT student's university experience. From admissions and financial aid to student accounts and money management, the dedicated staff provides direct support and connects students with additional university resources.

UNT Police Department

Location: Sullivant Public Safety Center | **Emergency:** 911 | **Phone:** 940.565.3000 | **Website:** police.unt.edu

The University of North Texas Police Department provides police and security services for students, faculty, staff, visitors, and property. Our full service police department provides 24 hour police services, emergency phones, shuttle service, crime prevention programs, and information/assistance with safety concerns. For a complete list of services we provide and contact information, please visit our website.

Writing Center

Location: Sage Hall 150 | **Phone:** 940.565.2563 | **Website:** writinglab.unt.edu

Works to help students learn to write more clearly and effectively as well as develop a better understanding of writing.

Free Speech and Hazing Policies

UNT is a community of individuals who care about you and want you to be successful. It is important that as you begin your journey as a student on our campus that you know what is expected of you. At UNT, we recognize that freedom of expression and public assembly are fundamental rights of all persons and are essential components of the education process. These activities promote debate and the sharing of ideas, which are the foundation of educational institutions. In addition, UNT is committed to providing a safe environment for all members of the university community and prohibits hazing by any student, student group or employee.

Read the policies below to understand your expectations.

Free Speech

The University of North Texas (UNT) recognizes that freedom of expression and public assembly are fundamental rights of all persons and are essential components of the education process. These activities promote debate and the sharing of ideas, which are the foundation of educational institutions.

The responsibility of the University to operate and maintain an effective and efficient institution of higher education requires regulation of the time, place and manner of assembly, speech, and other expressive activities on the grounds of the University.

In keeping with this responsibility, students, faculty, staff and visitors are free to exercise the rights to assemble and engage in expressive activity in a constitutionally-protected manner subject only to the content-neutral regulations necessary to fulfill the mission and obligations of the University; preserve the rights of others, coordinate multiple uses of limited space; assure preservation of the campus facilities and grounds; and assure financial accountability for any damage caused by these activities.

The UNT Free Speech policy can be found at policy.unt.edu/policy/07-006

Hazing

The university wants to take this opportunity to inform the university community about the dangers and consequences of hazing.

Hazing is a criminal act under the state law of Texas.

By definition, hazing is any intentional, knowing or reckless act by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in or maintaining membership in an organization” whose members are or include UNT students. Hazing occurs regardless of whether the act is committed on or off the university campus and regardless of whether the student victim may have consented to or acquiesced in the activity. A person engages in hazing not only by directly engaging in hazing activity, but also by soliciting, directing, encouraging, aiding or attempting to aid another in hazing; or by recklessly allowing hazing to occur; or by knowingly failing to report firsthand knowledge that a specific hazing incident is planned or has occurred; any person reporting a specific hazing incident involving a student to the Dean of Students or other appropriate university official is immune from civil or criminal liability that might otherwise be incurred as a result of the report.

Students may be prosecuted for committing an act of hazing or for failing to report first-hand knowledge of hazing.

Examples of hazing include but are not limited to:

- Any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing a harmful substance on the body, or similar activity.
- Any type of physical activity that subjects a student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of a student. Involves sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other similar activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- Any activity involving consumption of alcoholic beverages, liquor, drugs, food, liquid or any other substance that exposes a student to unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
- Any activity that intimidates or threatens a student with ostracism or that subjects the student to extreme mental stress, shame or humiliation that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered at UNT, or that may reasonably be expected to cause the student to leave the organization or UNT rather than submit to hazing whether the act is committed in person or communicated by other media including social networking.
- Any activity that induces, causes or requires a student to perform a duty or task that requires commission of an illegal act.

Free Speech and Hazing Policies

How to Report Hazing

Incidents or planned incidents of hazing must be reported in writing to any one of the following:

- Dean of Students Office, 940.565.2648 or 940.565.2039 UNT
- Police Department, 940.565.3000
- UNT Hazing Hotline, 940.369.STOP (7867)

Amnesty

The university may elect not to pursue disciplinary sanctions for a violation of this policy against persons who voluntarily and in good faith provide information to the Dean of Students or an appropriate university official related to hazing.

The UNT Hazing policy can be found at policy.unt.edu/policy/07-013

First Semester Success Tips

Show up

- Go to class every day - even when attendance is not taken
- Participate, take notes, and stay engaged
- Check your Eagle Connect Email once a day
- Use your instructor's office hours - they'll be expecting you!

Find Support

- Ask for help early on from your advisor, tutors in The Learning Center, the Math and Writing Labs, and more
- Use campus resources; you're already paying for them
- Don't wait until midterms to get support
- You're not supposed to do college alone!

Get Advised

- Meet with your academic advisor early in the semester
- Make a plan for your classes
- Ask questions if you're unsure about your degree plan
- Advisors are there to help you succeed, stay on track, and avoid delays

Be Prepared

- Read every syllabus and track all deadlines
- Plan your week. Time management is EVERYTHING
- Break assignments into smaller steps
- Study a little bit every day, not just before a big exam
- Stay organized with a calendar, to-do lists, etc.

Get Involved

- Join at least one student organization, club, or campus event
- Meet people in your classes
- Build your community
- Try something new; it's a part of the college experience
- Getting involved helps you feel like you belong

Stay Focused

- Remember why you came to UNT - keep your goals in mind
- Form study groups
- Find a mentor
- Take care of your physical and mental health
- Explore possible career paths
