

OFFICE OF THE PROVOST

REGENTS PROFESSOR AWARD

Su Gao

Mathematics

Su Gao is a professor of mathematics, former chair of the Department of Mathematics, and current dean of the College of Science. He is one of the leading figures worldwide in the field of Foundations of Mathematics and Mathematical Logic. He has published two monographs and a graduate textbook that has become a standard in the field. In addition, he has over 50 refereed journal articles with many in the top journals of mathematics. Dr. Gao is associated with over \$3 million of extramural research funding and he has graduated 9 PhDs and 5 Master's during his career at UNT.

Dr. Gao teaches a wide variety of undergraduate and graduate courses, ranging from Pre-Calculus to a seminar on career development of STEM majors. He serves on the editorial boards of several high quality research journals, and is a life-time member of the American Mathematical Society and the Mathematical Association of America. Dr. Gao is a former President of the Texas Associate of Academic Administrators in the Mathematical Sciences.
