- Click the drop down menu on the top-right of the screen
- Select Settings from the menu (third from bottom)

Select "Advanced..." at the very bottom of the page

Once the "Advanced..." is selected the options will expand and you will select the "Content settings..." under the

"Privacy and security" section. Advanced A Privacy and security Google Chrome may use web services to improve your browsing experience. You may optionally disable these services. Learn more Use a web service to help resolve navigation errors Use a prediction service to help complete searches and URLs typed in the address bar Use a prediction service to load pages more quickly Automatically send some system information and page content to Google to help detect dangerous apps and sites Protect you and your device from dangerous sites Automatically send usage statistics and crash reports to Google Send a "Do Not Track" request with your browsing traffic Use a web service to help resolve spelling errors Smarter spell-checking by sending what you type in the browser to Google Manage certificates Z Manage HTTPS/SSL certificates and settings Click Here Control what information websites can use and what content they can show you Clear browsing data Clear history, cookies, cache, and more Passwords and forms

Autofill settings

• Once the "Content settings..." is selected, a list will appear and you will select "Popups" which is the 9th item on the list.

Once you have selected "Popups..." you will then see the following screen. Select "ADD..." as shown below.

- Once the "Add..." tab is selected you will be prompted to Add a site (HTML)
- You will enter https://portal.unt.edu
- Finally select "ADD..." and the dialogue box will close
