1. Enter your grade screen the way you always do (by assignment or via the grade book). Then, select Speed Grader.

2. Select the student you would like to grade. Then, view the project and rate the student on the Career Connect Rubric.
Grade Student Work

3. Click to the next rubric until you are done. Click “summary” after you enter the last rubric rating.

4. Publish the evaluation and follow prompts.

- If you do nothing, the rubric score will automatically populate into Canvas and into your gradebook.
- If you would like to override the rubric rating and grade on your own scale, type your score into the grade box and click submit.
