

Managing Pop-ups (Firefox)

- Click the drop down menu on the top-right of the screen
- Select the “Options” icon which looks like a gear

Managing Pop-ups (Firefox)

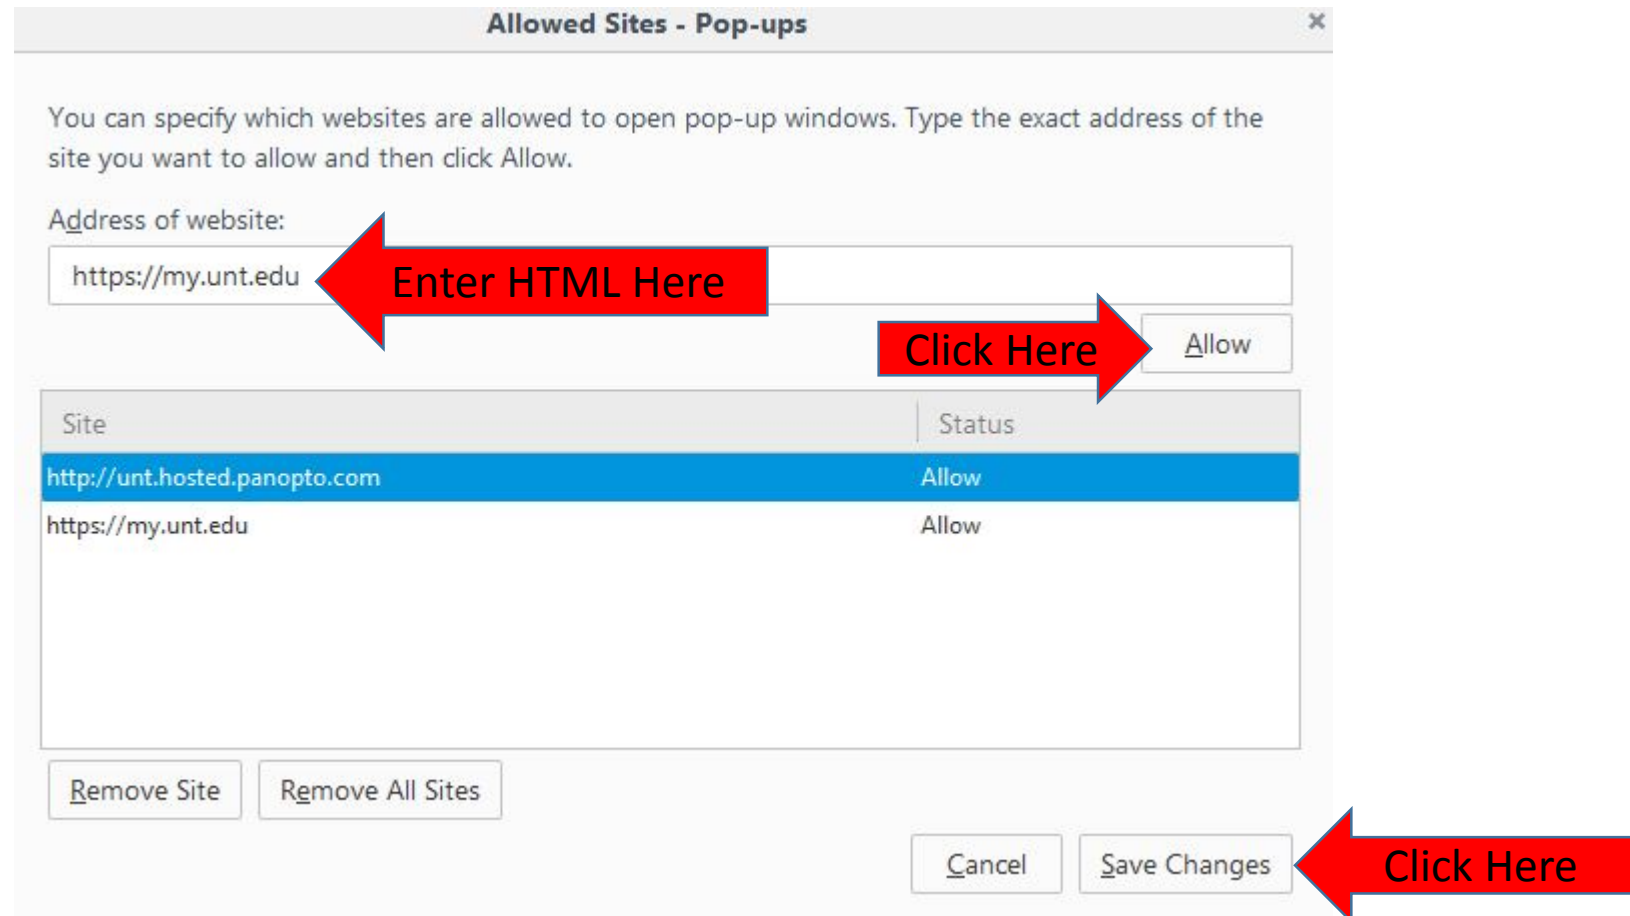

- Select “Content” and then unselect the “Block pop-ups windows” box. **This is not the recommended method!**
- Preferably select “Exceptions...” tab. The “Block pop-ups windows” box must be checked to activate the “Exceptions” tab.

The screenshot shows the Firefox 'Content' settings page. On the left is a dark sidebar with menu items: General, Search, Content (highlighted), Applications, Privacy, Security, Sync, and Advanced. The main content area is titled 'Content' and contains several sections: 'DRM content' with a checked box for 'Play DRM content'; 'Notifications' with a 'Choose...' button; 'Pop-ups' with an unchecked box for 'Block pop-up windows'; 'Fonts & Colors' with dropdowns for 'Default font' (Times New Roman) and 'Size' (16); and 'Languages' with a 'Choose...' button. A red arrow points from the text 'Click Here' to the 'Exceptions...' button in the 'Pop-ups' section.

Managing Pop-ups (Firefox)

- Add <https://my.unt.edu> to the “Address of website” text box and click “Allow”
- Then click the “Save Changes” button
