Managing Pop-ups (Safari, Mac)

- Open Safari and navigate to the website you wish to allow pop-up from (my.untsystem.edu)
Managing Pop-ups (Safari, Mac)

• From the Safari menu, open Preferences. Click on the “Websites” tab. In the stack on the left side, click on “Pop-up Windows”.
Managing Pop-ups (Safari, Mac)

In the window on the right side of the dialog box you should see the URL you have open.

From the dropdown menu, you have the option to choose Allow, Block or Block and Notify. Verify that “Allow” is selected.
Managing Pop-ups (Safari, Mac)
Managing Pop-ups (Safari, Mac)

• Close the Preferences dialog box.
• Refresh the page and verify it is working as expected.
