To check your user group, look at the top right hand corner of the screen and you will see the user group drop down menu, if it is saying anything other than Initiator, you will click the down arrow and select Initiator from the list.
5) Your posting should be available on the home page under your Inbox. Click on the highlighted blue title of the position and it will open the position. Then click “Edit” (see below).

6) This will open the Position Details where you will view the information and make all the necessary edits. Scroll through the Position Details and enter the required information.

   - Preferred Qualifications
   - Required License/Registration/Certification
   - Physical Requirements
   - Special Instructions to Applicants

a. Please note that you need to uncheck the “Display search committee user group members only” box when you search for members (see below).

13) Review summary page.

14) If everything is complete, go to the dropdown “Take Action On Posting” and choose “Approve (move to Supervisor)” You can add comments, if desired.

15) Once it goes through prior approvers, Academic Resources will then either post it to the web or return it to the initiator for edits. Once approved, the approvers will all receive email alerts.

The approval workflow is:
