FACULTY COURSE BUYOUT PROCEDURES

OVERVIEW:

The office of VPAA strongly supports faculty efforts in securing research funding from external sources. Faculty members who are seeking a course or research buyout as a result of potential external funding should discuss this matter with their department chair.

Any M&O funds returned to the PI, department, and/or Dean must be spent by August 31 of the respective fiscal year in which they are received, because the funds returned will be designated tuition (fund 830001) that does not carry forward.

Any request to carry forward funds must be approved by the VP for Finance and Administration, as the Provost does not have the ability to carry funds forward.
