Section 1

Welcome to UNT

- Welcome from Dr. McPherson, UNT Provost
- UNT Spirit
- · College Life at UNT
- Advising at UNT

Dear Students,

Welcome to the University of North Texas! The next chapter of your education begins here. Our mission at UNT is to prepare the innovative leaders of tomorrow, and we look forward to seeing you bring this mission to life.

UNT is a Carnegie-ranked Tier One research university, a distinction that underscores our reputation as a place for creative and groundbreaking research in disciplines ranging from science and engineering to business, humanities, the arts, and more. Our faculty are experts in their fields, and they are deeply invested in supporting your academic and personal growth. With 250 degree programs, many of which are ranked among the best in the nation, we don't just offer a path to any career — we also give you flexibility and opportunities to carve your own path to a degree that fits your passion.

As a member of the Mean Green Family, you are part of a caring community that is dedicated to helping you thrive in and outside the classroom. On the **Succeed at UNT** website, you'll find seven keys to succeeding as a student at UNT and long after graduation. You'll learn more about these throughout the year in UNT's student newsletter, UNT Weekly, but I want to highlight a few keys that will help you start strong:

- **Get Advised.** Advisors are here to help you choose the right classes, understand your academic plan, and graduate on time. The **Navigate mobile app** makes it easy to access campus resources, schedule appointments with advisors, find study groups, track important deadlines, and more. I encourage you to download the app today and make time to meet with an advisor on a regular basis throughout your time at UNT.
- Find Support. College can be overwhelming, but we're here to help. UNT offers resources for all dimensions of your wellbeing, including social and emotional support, physical and mental health, financial literacy, and career readiness. The Academic Success Center at Sage Hall is home to the Math Lab, Writing Center, Office of Disability Access, and Learning Center, which offers peer tutoring, study skills coaching, and more. Through Counseling and Testing Services, you have access to free counseling, mental health screenings, self-help resources, and other services.
- **Show Up.** The simplest but perhaps most impactful key to success not just at UNT but in life is showing up. You've made a significant investment in yourself through higher education, so go to class, ask questions, build relationships with your peers and professors, and take advantage of your instructors' office hours.

See all seven keys to succeed and find links to campus resources at succeed.unt.edu.

As you begin your journey at UNT, know that the hard work you put in now and the challenges you overcome will give you the confidence to achieve anything you set your mind to. Whether you came to UNT to immerse yourself in research and scholarship that ignites your curiosity or to create memories that will last a lifetime, you're in the right place to do all of that and more.

Once again, welcome to the UNT Family. We can't wait to watch your future unfold.

UNT Proud,

Michael A. McPherson

Provost and Vice President for Academic Affairs University of North Texas

UNT Spirit

History & Traditions

- The "Mean Green" phrase originated from Sidney Gram, wife of the Eagles' sports information director in 1966.
- The eagle hand sign, or Eagle Claw, is our university sign of pride & unity.
- Friday is known as Pride Day, where UNT students, staff, and faculty wear green to show their university pride.
- The Pit Crew is the official student section for Mean Green basketball in the UNT Coliseum, known as the "Super Pit".
- Although Scrappy, our eagle mascot, has had many name changes the original mascot was named "Eppy".
- Lucky the albino squirrel is a campus legend. It's said that a
 sighting of Lucky on the way to important exams will give the
 viewer good luck and help them make good grades. Lucky is so
 popular around campus that he has become a secondary mascot.
- The UNT Battle Flag was created by Jim Hobdy in 1986, an athletics program employee and became a recognized university symbol. Today, the Talons wave a version of the flag at football games. In 2017, a giant 30-foot by 60-foot flag was raised on a 120-foot flagpole on the north side of DATCU Stadium.

UNT Fight Song

Let's give a cheer for U of NT;

Cheer for the Green and White.

Victory's in store whatever the score,

Our team will ever fight!

Fight! Fight! Fight!

Shoulder to shoulder we march along,

Striving for victory.

Playing the game for the honor and fame,

And the glory of UNT.

U...N...T...Eagles!

UNT Eagles Fight, Fight, Fight!

UNT Alma Mater

AKA – "Singing Glory to the Green and White"

Singing glory to the green, singing glory to the white,

For we know our university

is striving for the right;

Down the corridors of years,

we'll forget the joys and tears,

But North Texas.

North Texas.

we love!

College Life at UNT

Welcome to the first few days of your UNT college experience! Advice from your Orientation Team:

"Don't be afraid to try and learn something new. Make college a place of growth."

CarlosEngineering

"Look into joining one of UNTs many phenomenal student organizations. These organizations become much like a family away from home, and they also offer fantastic networking opportunities."

> – Corey Journalism

"Office Hours aren't just for questions or to beg for extensions, they are there to build relationships with faculty so in the future you have an expanded network and potential options for letter of recommendations!"

"Freshman year can be hard,

as possible during the first

few months, because that's

when everyone is looking for

so try to get as involved

connection."

AnnaBiology

"Open yourself up to new experiences! Go to events hosted by the university and join organizations for professional development and for fun! You never know where you might find friends for life until you put yourself out there."

- Kiran Science

"Be prepared to being pushed outside of your comfort zone and to embrace change and being quick on your feet."

> – Jelani Dance Education

"Embrace curiosity, explore diverse opportunities, and prioritize self-care. Remember, every challenge is a chance to learn and grow. Your journey is unique, so make the most of every experience and cherish the journey of self-discovery ahead."

- Karina CLASS "Courage is not having the strength to go on; it's going on when you don't have the strength."

> - Shanice Business

"To prioritize taking care of myself, and that you can't pour from an empty cup."

> – Gavvy Communication Studies and Political Science

"Time moves fast and before you know it, it's over! Enjoy every day even the "boring days" you will miss."

> – Jackie Kinesiology

iii E

- Krystian Journalism The things you learn now are going to have such a huge impact on your future, so don't let it pass by. Journal, take pictures, record videos, create art — whatever you need to do the encapsulate the memories you are creating now.

- Anell Radio Television Film/Theatre No class structure will be the same, so try different studying and note-taking methods to find what works for you and that specific class!

College Life at UNT

Key Terms

Below is a list of common college terms that will help you be successful here at UNT.

Advanced Hours Junior or senior courses, numbered 3000 or 4000 level. Many degrees require at

least 42 of these.

Canvas Secure, web-based course platform that supports course content delivery,

collaboration and assessment.

Catalog An online resource that includes university policies, majors/minors available &

course descriptions including any pre-requisites.

Class Number Number (in parenthesis) that appears along with the class prefix and course

number on the schedule of classes. It is used to identify a specific section of the course

to aid in registration. Ex. ENGL 1310 (1234)

Concurrent Enrollment Enrollment at UNT and other institution in the same semester. Requires preapproval

from your Academic Advisor.

Course Number A four-digit number following the class prefix. The first number indicates

whether the class is considered lower level or advanced. Ex. ENGL 1310.

Eagle Connect The official UNT email system for students. Your UNT email address is your first

and last name @my.unt.edu

Hold/block This is applied to your account and may hinder your ability to register. (i.e. library

fines, advising holds, or the student financial obligation hold)

Hybrid Class A course that uses both physical classroom and online instruction.

ID Number/EUID An 8-digit number (12345678) or user code comprised of your initials and four numbers

(abc1234) you will use for identification at UNT.

Navigate Navigate is UNT's student success system. Use Navigate to set appointments with

advisors, tutors, career coaches, etc., and stay on top of your schedule with

personalized to-dos and campus event reminders and access to your class schedule.

Permission Code Access from a department offering a course to ensure all requirements have been

met prior to course enrollment.

Recitation A section required by some classes used to cover coursework and answer questions.

Schedule of Classes Available on the Registrar's website, this tentative list will help you prepare for the

upcoming semester.

SI Leader A student proficient in a course who facilitates effective group study sessions

through the Learning Center.

Syllabus An academic document that communicates course information and defines

expectations and responsibilities.

TA/TF A graduate student who serves under an instructor to provide general assistance to

the instructional process, such as grading, tutoring, etc. A graduate student that teaches courses for credit under the direct supervision of a faculty member or chair.

W This grade may be given when a student drops a course or withdraws from the

university after the census date.

Waitlist A feature that allows students to place themselves on a list for a class section that is full

and will be automatically enrolled once a seat opens according to their position number.

Withdraw from Semester When you choose to remove yourself from all your classes. Requires permission from

the Dean of Students office.

Advising Services at UNT provides personalized support for students who are undecided in their major or would like to learn more about other majors offered at UNT. Advising Services' academic counselors will assist you in navigating UNT majors ensuring you find your best path to graduation. We also offer Class Concierge, a personalized service that documents and assists seniors who are experiencing institutional roadblocks to graduation, such as class time conflicts. The goal is to make your path to graduation as seamless as possible!

Chiropractic, Dentistry, Medicine, Occupational Therapy, Optometry, Pharmacy, Physical Therapy, Physician Assistant, Podiatry, and Veterinary Medicine.

UNT offers most of the prerequisites for admission to the professional schools listed above. Students interested in these professions should schedule an appointment with a counselor in the Office of Health Professions. These counselors will provide assistance with entrance requirements, the application process, interview preparation, and the required letters of recommendation.

The Honors College helps approximately 2,000 undergraduate students get the most out of their UNT experience by providing in-class and extracurricular activities that are broader, deeper, or more complex than the norm. Honors College members may take Honors College courses, engage in undergraduate research, participate in Honors College programming, live in Honors College housing, and enjoy other membership benefits. Membership is open to new and continuing students from all majors and all academically motivated students are encouraged to apply.

Pre-law is not an academic major at UNT. There is no required major for those wanting to go on to law school; any major that emphasizes strong writing and reasoning skills will help you prepare for law school. The pre-law advisor is available to provide answers to questions about how to get into law school and what you can do now to prepare.

To become a certified teacher in Texas, students must meet state requirements, which include completion of an Educator Preparation Program, obtaining a bachelor's degree, and passing the state certification examinations. Students must be admitted to UNT's Teacher Education Program before enrolling in most education courses.

Students must be in compliance with the Texas Success Initiative (TSI), to enroll in coursework at Texas public institutions of higher education per Texas Education Code. The law requires all entering college students to be assessed for college readiness in English Language Arts and math. The TSI Coordinator, located in the Office of Advising Services, will help with questions regarding TSI requirements and developmental courses.

TRIO Student Support Services (SSS) is a federally funded academic support and student success program, designed with the purpose and goals of increasing the retention and graduation rates of participating undergraduate students at the University of North Texas. TRIO SSS serves first-generation, low-income (Pell Grant-eligible), and students with disabilities by helping them navigate and overcome academic, social, and financial barriers to degree completion. TRIO SSS serves 258 student participants, and is required to provide the following core services to student participants: academic tutoring and support (including campus resource referrals), course registration assistance (supplement to primary academic major advisors), assistance in completion of financial aid applications (FAFSA, Eagle Scholarship Portal), financial literacy education and counseling, and assistance in enrollment to graduate/professional school.

Section 2

Building Your UNT Degree

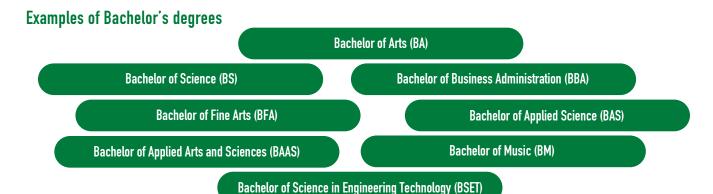

- Elements of a Bachelor's Degree
- · UNT Awarded College Credit
- · University Core Curriculum

Elements of a Bachelor's Degree

A bachelor's degree shows you have completed coursework and met the requirements of a specialized curriculum. Your degree is completed when you have met all of the requirements, taken the right courses in the correct sequence, earned enough semester credit hours and earned the appropriate grades. Navigating your way through college means learning the basics needed to understand and progress through your academic career.

- Minimum 120 credit hours*, depending on major
- 42 credit hours* of university core requirements
- College/School requirements
- Advanced hours, 3000-4000 level (varies by major)
- Major requirements
- Minor requirements (varies by major)
- Electives (varies by major)

Academic Classification

Your classification is based on the number of hours you have earned. Completion of minimum hours required for a degree does not guarantee completion of all degree requirements.

Freshman 0-29 hours
Sophomore 30-59 hours
Junior 60-89 hours
Senior 90 hours and above

*Credit hours

Every course you take is measured by units called credit hours. In most cases, credit hours represent the number of hours each week you are expected to attend each specific class. Courses may range from one to six credit hours.

Elements of a Bachelor's Degree

1. UNT Residency Requirements

- A major of at least 24 semester hours. At least 12 hours of advanced work (3000/4000 level) in the major must be earned at UNT (except for the BAAS degree).
- A minimum of 36 semester hours of advanced work (3000-4000 level), 24 of which must be completed at UNT.
 Many degrees at UNT require at least 42 advanced hours, see the college/school degree requirements of your major in the catalog for details. A lower-level course that, when transferred, is determined to be equivalent to a UNT upper-level course does not satisfy the requirement of advanced hours.
- · Twenty-five percent of the university minimum of 120 semester hours (i.e., 30 hours) must be earned in residence.

2. University Core Curriculum

The University Core Curriculum is designed to ensure that you graduate with not only the depth of knowledge you'll gain from courses in your major area of study, but also a breadth of knowledge which is gained through general education courses. Each of the core curriculum courses will assist you in developing important fundamental skills that will help you be successful in all of your classes and prepare you for life after college. These skills include critical thinking, communication skills, empirical and quantitative skills, teamwork, personal responsibility, and social responsibility. Through the core, you will gain an enthusiasm for learning and an intellectual capacity that you will use throughout your life. Specific core classes will be covered on pages 17-22.

3. College and School Requirements

You must satisfactorily complete all degree requirements specified by the college/school in which the degree is offered. In many instances, there may be college/school academic program requirements in addition to the university core requirements. Please see the individual college/school advising office in order to determine these requirements.

4. Major Requirements

Within your degree, you will narrow your focus to a specific field of study, also known as a major. At least 24 semester hours in a given subject are required for a major, including 12 hours of advanced work. The number of hours required depends on the major you select.

5. Minors

- Minors are like "mini-majors" typically requiring you to complete 18 to 21 credit hours, which includes a minimum of 6 advanced hours
- · Some majors require a minor
- View the list of minors at UNT and the requirements for each in the online catalog (catalog.unt.edu) under "Majors, minors, certificates"

6. Undergraduate Academic Certificates

Certificates typically require you to complete 12-20 hours, the majority of which must be advanced. You can view the list of undergraduate academic certificates at UNT and the requirements for each in the catalog (*catalog.unt.edu*) under "Majors, minors, certificates."

Certificates may be used to:

- · meet workforce needs
- provide you with life/career skills and knowledge
- · allow for specialization in academic disciplines

Elements of a Bachelor's Degree

7. Electives

- Electives are any credit hours necessary to reach the minimum number of total credit hours required for your degree after all other requirements have been satisfied.
- Advanced electives may be required in order to meet the university advanced credit hour requirement. UNT requires a minimum of 36 advanced hours in order to graduate. Many degrees at UNT require at least 42 advanced hours. See the college/school degree requirements of your major in the catalog for details.

General Electives 1000-4000 level courses
Advanced Electives 3000-4000 level courses

Please visit with your academic advisor about minors, undergraduate academic certificates and electives. The situation will be different for every student.

You may have the option of taking electives Pass/No Pass. Please visit with your academic advisor about this opportunity.

8. Transfer of Credits — How Will Previously-Earned Credit Apply to Your Major?

Transferability vs. Applicability

When you transfer credit to UNT, our Admissions office reviews all transcripts, AP, IB and CLEP scores and posts all earned credit, regardless of how (or if) it will be used to satisfy degree requirements. This review allows you, as the student, to know how many hours UNT has accepted. However, subtracting your earned hours from your required degree hours (typically 120) does not always equal the amount of hours left to complete your degree. Some of your credits may be applied to the core, while others may be pending review by the college/school of your chosen major. In this review, the college/school will look at all of the hours accepted by Admissions and will evaluate them specifically for the core and their individual degree programs. Your academic advising office determines applicability of the credit to a degree program. For more information about military, vocational and technical credit, see your academic advisor.

NOTE: Information provided is subject to change without notice and does not constitute a contract between UNT and a student or applicant for admission. Transfer credit is subject to audit during a student's academic career at UNT. Total hours accepted may be increased or decreased to reflect correction of prior evaluation or consideration of additional transfer work to ensure compliance with UNT academic policies.

It is possible that credit hours transferred to UNT may no apply to degree plan requirements. Ir this case, transfer credits may be used as electives

9. Transfer of Core Courses

Successful completion of a 42 semester-credit-hour common core curriculum at a Texas public institution of higher education allows you to transfer to UNT as "core complete." You will need to work with an academic advisor in the appropriate college/school academic advising office to determine if additional requirements will be necessary to satisfy the 42-hour UNT core. See the UNT transfer articulation web page at registrar.unt.edu/transfer-guides and the transfer course equivalency and degree planning guide tool, Transferology, at transferology.com for online resources.

10. Dual Credit. AP. and IB Credit

Most dual credit, AP and IB programs offer courses that can be used towards core requirements. Use the charts on the next few pages to determine how your credit will transfer to UNT. Find your courses under the appropriate columns and highlight or circle the UNT equivalent. Make sure you alert your academic advisor to the courses you completed. Please note that dual credit transcripts must be sent from the community college or university through which the class was offered.

11. Texas Common Course Numbering System (TCCNS)

The Texas Common Course Numbering System (TCCNS) has been designed for the purpose of aiding you in the transfer of general academic courses between colleges and universities throughout Texas. The system ensures that if you take a course the receiving institution designates as common, then the course will be accepted in transfer and the credit will be treated as equivalent to the course offered by the receiving institution. The TCCNS chart (on pages 15-16) lists the courses that the associate deans at UNT have identified as common and their TCCNS equivalents.

Advanced Placement

Use the chart below to determine which AP examinations are accepted at UNT. Please take note of the required score, hours granted, and the UNT course equivalent. The UNT AP Institution Code is 6481

AP Examination	AP Exam Score	Credit Hours	UNT Course Equivalent

International Baccalaureate (IB)

UNT awards a minimum of 24 hours of credit if you completed the IB Program and received the IB Diploma. You must earn a minimum score of 4 on tests that count toward the diploma. UNT Admissions will certify the examination credit based on the qualifying scores.

If you completed a high school IB Program but have not earned the diploma and scored 5, 6 or 7 on the higher level IB examination you will receive college credit at UNT. See chart below for details. The UNT IB Institution Code is 01800.

*The minimum score requirements for awarding credit based upon IB exams is subject to change.

The minimum score requirements for award	Ť		, <u> </u>
Subject area	IB Exam Score	Hours	UNT equivalent
Arabic – Language B, AB	5 or higher	12	ARBC 1010, 1020, 2040, 2050

Statement of Purpose

Through the Texas Core Curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world, develop principles of personal and social responsibility for living in a diverse world, and advance intellectual and practical skills that are essential for all learning.

Individual academic programs may require courses contained in parts of the University Core Curriculum (fulfilling both core and major requirements simultaneously). Check with your academic advisor for assistance in selecting core courses.

NOTE: The university core is still in progress and some courses that are not listed here are awaiting approval to be included in the core. Some courses, though approved, may not be offered every semester.

Communication – English Composition and Rhetoric (2 Courses/6 Credit Hours):

The first semester of English Composition teaches you how to write an essay. The second semester teaches you how to write a research paper, brochure or manual. A grade of C or better is required for both Communication courses.

Composition I> Group 1		Composition II> Group 2			
ENGL	1310	First-Year Writing I	ENGL	1320	First-Year Writing II
ENGL	1311	Honors First-Year Writing I	ENGL	1321	Honors First-Year Writing II
ENGL	1315	Writing About Literature I	ENGL	1325	Writing About Literature II
TECM	1700	Introduction to Professional, Science and Technical Writing	TECM	2700	Technical Writing

Interested in writing a manual or brochure? TECM 2700 will teach you how to create both. This class is required by some majors.

Mathematics (1 Course/3-5 Credit Hours):

This is a college-level math course. Some majors require specific and/or additional mathematics courses; see your academic advisor for more information. Incoming freshman will be given a placement group number by the Department of Mathematics. In some cases, a mathematics placement exam may be required or recommended. Math placement information can be found in Canvas and ALEKS. Your math level or placement is only valid for one school year. See the math chart on the following page to determine which math course is right for you. Please note: MATH 1100 (College Algebra) is not in the core.

Entry Level Courses (No placement level necessary)	MATH MATH MATH DSCI	1180 College Math for Business, Economics and Related Fields 1580 Survey of Mathematics with Applications 1680 Elementary Probability and Statistics 2710 Data Analysis with Spreadsheets
Placement Level 2	MATH MATH	1190 Business Calculus 1650 Pre-Calculus (5 hrs)
Placement Level 3	MATH MATH	1710 Calculus I (4 hrs) * 1810 Calculus for Science and Engineering I

^{*}Courses with an asterisk have pre-requisites and/or may be restricted to specific majors. See current undergraduate catalog for details

18

• Students who feel prepared to take a math course beyond their placement level are encouraged to take the math placement test if they are a first time freshman or transfer student. Students that have enrolled and completed/dropped a college level math course at UNT are not eligible to take the placement test.
This page only covers college-level courses. Students who are not TSI complete or who are unsure of their TSI status should consult the Office of Advising Services, (940) 565-3633. Math, Science, Engineering see if they may begin in a higher New students are encouraged to take the math placement test to not satisfy the University core. prerequisite course and does C or better needed for Math Math 1100 —Algebra Math 1100 serves only as a and BS Economics level course. Life & Physical Sciences (2 Courses/6 Credit Hours):

This category consists of two courses from the Natural & Life Sciences and/or the Physical Sciences. Some majors require specific and/or additional laboratory science courses. Some physical science courses require knowledge of mathematical concepts.

**Laboratories are required as co-requisites for many science lecture courses but are not required to meet core requirements.

		Middle East	PHIL	2600	Ethics in Science
ANTH	3700	Peoples and Cultures of South Asia			
ANTH	3710	Peoples and Cultures of East Asia			
ART	2350	Art History Survey I			
ENGL	2321	British Literature			
ENGL	2326	American Literature			
ENGL	2331	World Literature			
ENGL	2341	Forms of Literature			
ENGL	2351	Mexican American Literature			

Before you enroll in a Language, Philosophy and Culture class, it is recommended that you successfully complete the first semester of English Composition.

American History (2 Courses/6 Credit Hours):

This category focuses on the consideration of past events and ideas relative to the history of the United States.

HIST	2610	United States History to 1865	or	HIST	2675	Honors United States History to 1865*
HIST	2620	United States History since 1865	or	HIST	2685	Honors United States History since 1865*

HIST 4700 (Texas) may apply towards HIST 2610 or 2620. This is an advanced course (senior level).

Government/Political Science (2 Courses/6 Credit Hours):

This category focuses on the consideration of the Constitution of the United States and the constitutions of the states, with special emphasis on the state of Texas.

PSCI	2305	US Political Behavior and Policy	or	PSCI	2315	Honors US Political Behavior and Policy*
PSCI	2306	US and Texas Constitutions and Institutions	or	PSCI	2316	Honors U.S. and Texas Constitutions
						and Institutions*

*Courses with an asterisk have pre-requisites and/or may be restricted to specific majors. See current undergraduate catalog for details

Social and Behavioral Sciences (1 Course/3 Credit Hours):

This category focuses on the application of empirical and scientific methods that contribute to the understanding of what makes us human. Courses involve the exploration of behavior and interactions among individuals, groups, institutions and events, examining their impact on the individual, society and culture.

AGER	4560	Minority Aging	HDFS	1013	Human Development

Component Area Options (2 Courses/6 Credit Hours):

Component Area Option courses are designed to help you further develop the tools necessary for full engagement in the undergraduate experience. Students must complete an additional six hours of coursework from any of the categories above or from Component Area Option A or Component Area Option B courses listed below.

Please note that only three hours of this requirement may be satisfied by courses designated as Component Area Option B.

Consult with your academic advisor to determine whether specific Component Area Option courses are necessary to make timely degree progression in your chosen field of study.

Component Area Option A

ANTH 115	0 World Cultures through Film	MKTG	3010	Foundations of Selling and Communication
BIOL 1750/1	755 Introductory Biology Research Lab I & II	MTSE	1100	Discover How and Why Materials
COMM 204	0 Public Speaking			"Matter"
COMM 214	O Advocating in Public	MUMH	3500	Music History & Literature to 1750

JOUR	2300	Principles of News	WGST	2100	Introduction to Women's and
LING	2070	Language and Discrimination			Gender Studies

PLEASE NOTE:

Only 3 hours from the 6 hours required "Component Area Option" may be satisfied by courses designated as Core Option B. Consult with your academic advisor to determine the best selection of courses.

Section 3

Degree Progression and Timely Graduation

- Degree Audit/Degree Plan
- Grade Point Average and Academic Standards
- Drops, Withdrawals and Incompletes
- Satisfactory Academic Progress
- Graduation
- Financial Benefits of Timely Graduation

Degree Audit

Why am I thinking about graduation now? There is a process to graduation and that process starts today! You should be thinking about the big picture from your first day at orientation to your graduation day. Timely graduation at UNT means graduating with your bachelor's degree in four calendar years. By using a degree audit, you can spare the expense of additional costs, requirements, and/or fees. Your undergraduate catalog, schedule of classes, degree audit, and advising staff will help you create and review your timely graduation plan. Please reach out to your advising office for the best route to your academic goals. Academic advisors are here to help you from orientation through graduation.

Timely graduation includes knowing degree requirements, how to sequence classes, and departmental policies such as admission or exit criteria. Request an official degree audit from your Academic advisor to guide you through your major. The audit shows all requirements necessary for your degree. You should get an updated audit/plan each semester and chart your progress. You can view an unofficial online audit at *mydegreeaudit.unt.edu*.

mydegreeaudit.unt.edu

An online degree audit lists all your degree requirements in a user-friendly format referred to as the "interactive audit". It is a great tool for helping you stay on track for graduation and preparing for advising appointments.

Your audit will show you:

- · Credit hours earned and credit hours in-progress
- How courses you take will apply to your degree requirements
- · UNT, overall, and major GPAs
- · "What if" degree audits, if you are considering a change of major

As grades post and requirements are completed at the close of each semester, your audit will update automatically. The online degree audit is not an "official" document. An official degree audit is a document which can be requested from your academic advising office.

Using this tool in collaboration with your academic advisor will help you make the most of your time, money and course selection while attending UNT. For more information about the audit, please contact your academic advising office to schedule an appointment.

How to run your online degree audit

- 1. Go to *mydegreeaudit.unt.edu*
- 2. Log in with your EUID and password
- 3. Request an Audit
 - · Current Program (Official Major)
 - Selected Program (What-If)
- 4. Select an Audit
- 5. View your Audit

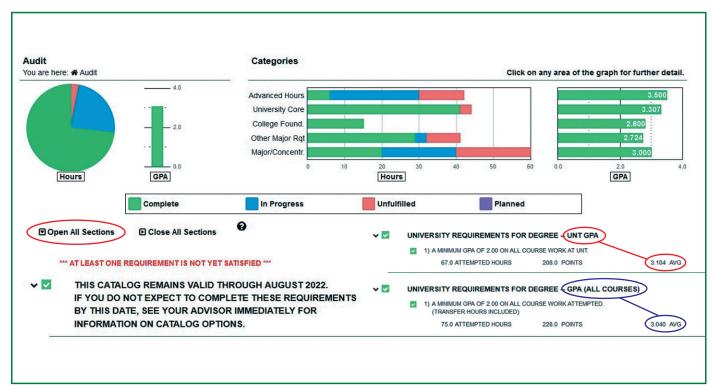

How to Read your Online Degree Audit

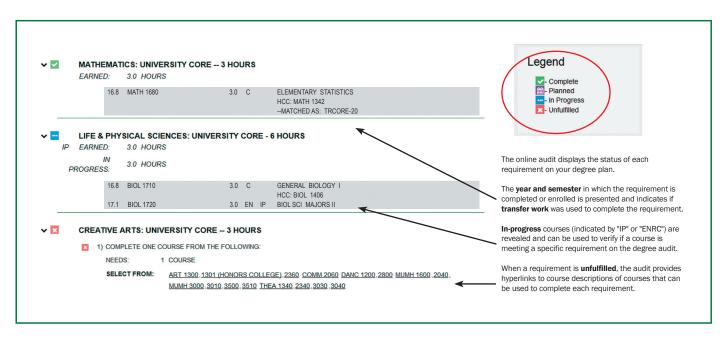

mydegreeaudit.unt.edu

For step-by-step instructions on how to run and read an audit visit: http://registrar.unt.edu/registration/online-degree-audit-instructions

Example Audit:

Grade Point Average and Academic Standards

Grade Point Average

Your GPA is the average of all points earned for all the classes you have taken. You will have a UNT GPA, which includes only UNT classes, and an overall GPA, which includes UNT and transfer work. Please be mindful that your GPA impacts honors, financial aid, graduation, and your status as a UNT student. Please be sure to check your UNT and overall GPA each semester so you know where you stand. You can check your overall and UNT GPA on your degree audit.

Grade point value:

- A = 4 points per credit hour
- B = 3 points per credit hour
- C = 2 points per credit hour
- D = 1 point per credit hour
- F = 0 points per credit hour

Calculate your GPA:

- 1) Multiply hours attempted by the grade point value earned for each class.
- 2) Total your number of grade points.
- 3) Divide total points by total of all your attempted hours. That's your GPA!

You may lose your financial aid funding if you do not make Satisfactory Academic Progress.

See page 31

for additional information.

Here's an example...

Olivia made 1 A, 2 Bs, and 2 Cs her first semester at UNT.

Course	Grade	Grade Value	Multiply	Attempted Credit Hours	Grade Points
ENGL 1310	В	3	*	3	9
ART 1300	С	2	*	3	6
HDFS 1013	А	4	*	3	12
HMGT 1450	В	3	*	3	9
BIOL 1112	С	2	*	3	6
			Totals	15	42

Olivia earned 42 grade points.	Total grade points earned
She attempted 15 hours.	divided by total attempted hours: $42 / 15 = 2.8 \text{ GPA}$

Types of GPAs

Semester GPA - The GPA you earned only for the courses you took at UNT for the specific semester.

- Used for calculating semester honors (awarded for fall and spring only).
 - · President's List Earn 4.0 semester GPA in a minimum of 12 hours of graded coursework in residence at UNT.
 - Dean's List Earn at least a 3.5 semester GPA in a minimum of 12 hours of graded coursework in residence at UNT.

UNT GPA (CGPA) – Your cumulative GPA for all of the hours you have attempted at UNT (determines academic status). Your UNT GPA does NOT include transfer work.

Overall GPA - A combination of your UNT and transfer GPA (graduation GPA). Available via online degree audit

- Used for calculating honors for graduation.
 - Magna Cum Laude 3.700 to 3.899

Cum Laude - 3.500 to 3.699

- Magria Curri Laude 5.700 to 5.677
- Summa Cum Laude 3.900 to 4.000

Graduating with Honors is not the same as graduating through the Honors College.

Major GPA – Your major GPA is calculated separately from the overall GPA. Pre-major GPA requirements are in place for some programs, and most majors require a minimum GPA for graduation.

Grade Point Average and Academic Standards

Academic Standing

The university will keep track of your UNT GPA and semester GPA to determine your academic standing.

Visit https://vpaa.unt.edu/advising/gpa/standing for additional resources and tips to get back to good standing

STATUS	DEFINITION	NEXT STEPS
Good Standing	2.0 or higher UNT GPA**	Maintain your UNT GPA at a 2.0 or higher
Academic Alert	Lower than 1.8 UNT GPA your first semester; or 2.0 GPA in subsequent semesters ** Freshman only	Raise your UNT GPA to 2.0 to return to Good Stand- ing OR be placed on Probation Mandatory advising May be required to attend Academic Coaching
Probation	Lower than 2.0 UNT GPA Freshman who were previously on Academic Alert Sophomore, Juniors, and Seniors	Raise UNT GPA to 2.0 to return to Good Standing OR earn a 2.25 semester GPA to be on Continued Probation to avoid Suspension Mandatory advising May be required to attend Academic Coaching
Continued Probation	Lower than 2.0 UNT GPA Previously on Probation but earned semester GPA of 2.25 or higher	Raise UNT GPA to 2.0 to return to Good Standing OR earn a 2.25 semester GPA to be on Continued Probation to avoid Suspension Mandatory advising May be required to attend Academic Coaching
Suspension	Lower than 2.0 UNT GPA Previously on Probation or Continued Probation but earned lower than 2.25 semester GPA for the Fall or Spring term	Meet with your academic advisor to discuss course equivalencies for the community college; May be allowed to enroll in the Summer semesters; Raise UNT GPA to 2.0 and return to Good Standing; Return to UNT after Suspension and enroll on Probation Mandatory advising

^{**} The minimum cumulative UNT grade point average you must achieve to remain in good standing is 1.8 in the first semester. A 2.0 minimum cumulative UNT grade point average must be achieved for all subsequent semesters.

You will remain on academic probation during any summer enrollment in which you fail to raise your UNT GPA to a 2.0.

Drops, Withdrawals and Incompletes

There are policies in place at UNT for students who have unplanned moments in the semester that hinder their studies: dropping, withdrawing and incompletes. Before making a decision on which policy is the right fit for you, talk to your instructor and academic advisor about implications this decision may have. Also, while they are there to support your success, there may be some changes you can make yourself to improve your academic performance that can be discussed.

For a list of specific questions you should ask yourself before dropping, visit https://vpaa.unt.edu/advising/dropping/should-i-drop. Please exhaust all possibilities to complete your course when thinking about dropping a class. It will possibly delay your graduation and cost you additional time and money. Make yourself aware of the deadlines for dropping, withdrawing and incompletes each semester by visiting https://registrar.unt.edu/registration-guides-by-semester.

Dropping vs. Withdrawing

Dropping means you remove or "drop" one or more courses from your schedule, but that you are still enrolled in at least one course at UNT. Dropping a course is completed in myUNT by the student.

Withdrawing means you drop **all** courses and are no longer enrolled in the University. Withdrawing is handled through the Dean of Students office.

Six-Drop Rule

If you were enrolled in higher education for the first time during the Fall 2007 academic term or any subsequent terms, you are allowed to drop a total of six courses in your academic career. This includes any course(s) you may have dropped at another Texas public institution of higher education. This does not apply to courses dropped prior to the census date, and does not apply if you withdraw for the term or session. For information regarding any possible exceptions, see the UNT undergraduate catalog.

Do you receive financial aid? The decision to drop a course may have the potential to affect your current and future financial aid eligibility. See page 31 for additional information

Withdrawing from the Semester

The Dean of Students Office is committed to helping you if you should ever intend to withdraw from a semester (drop ALL courses). If you wish to withdraw you must do so through the Dean of Students Office (Sage Hall 110) during office hours. This is a "one stop shop" for the withdrawal process. Students may only withdraw from the first class day until the official last day to withdraw as indicated in the academic calendar which can be found at: registrar.unt.edu/registration-guides-by-semester.

You must visit the Dean of Students Office to obtain the official University Withdrawal Form and meet with a staff member. The meeting will ensure you are informed of any obligations you may have with the University or items you may need to fulfill upon returning to UNT. Students will also receive Financial Aid Exit counseling (as applicable). For more information on the withdraw process visit: https://studentaffairs.unt.edu/dean-of-students/policies/withdrawals.

Incompletes

An "Incomplete" may be allowed in emergency situations, but only if approved by your instructor. The course must be 75% complete and you must be passing. The coursework must be completed within one year of granting the grade of "I". Go to https://registrar.unt.edu/registration-guides-by-semester for the date to request an incomplete.

- CAUTION! -

Please exhaust all possibilities to complete your course when thinking about dropping a class. Dropping a course could delay your graduation and cost you additional time and money.

Drops, Withdrawals and Incompletes

Add/Drop Period and Deadlines

Once you have made the decision to drop, you need to be aware of the deadlines posted on the Academic/Registration Calendar on the Registrar's Office website (http://registrar.unt.edu/registration-guides-by-semester) for each of the following periods in which you can change your schedule.

Add/Drop Period:

- First week of a Fall or Spring semester. (Go to http://registrar.unt.edu/registration-guides-by-semester for summer add/drop dates.)
- Students can add/drop/swap courses on their own during this time period via the student portal in myUNT.

Open Drop Period (no adds):

- After the Add/Drop Period ends but before the census date you may no longer add courses, but you can still drop a course through your UNT Student Homepage (my.unt.edu).
- Go to http://registrar.unt.edu/registration-guides-by-semester for summer add/drop dates.
- · Courses dropped during this period will not be recorded and will not count as one of your six drops.
- · May be done online through the myUNT portal.

Recorded Drop Period:

- · Courses dropped during this period will be recorded (ex: "W").
- Courses dropped during this period will count toward your six drops.
- Students can drop courses on their own during this time period via the student portal in myUNT. Please go to https://registrar.unt.edu/dropping-classes for detailed procedures and deadlines regarding these drops.

Always confirm your drop in your Class Schedule, which can be viewed by clicking the Enrollment tile, then the View My Classes tile in myUNT

Duplications and Excessive Hours

Duplications and Repeated Courses

A duplication is when you repeat a course that you have already completed. It is necessary to duplicate a course if you did not earn the minimum grade needed to complete a degree or program requirement. Before duplicating a course, you should meet with your academic advisor to ensure you truly need to repeat the course.

Most courses can be taken as many times as needed, however, only the first grade you earned will be removed from your GPA calculation. Your second and all subsequent attempts are permanent in your GPA. For example:

"Lisa takes ENGL 1310 and earns an "F". She duplicates the course in the following semester and earns a "B". Her transcript will show that she attempted ENGL 1310 twice, but only the grade of "B" will be used in her GPA calculation. In the event she earns a D on her second attempt, the D replaces the F and is permanent in her GPA, however, since UNT requires a C or higher for the Communications core area, Lisa must now take ENGL 1310 for a third time. Her third attempt is considered a repeat and will also be permanent in her GPA".

If you pay Texas resident tuition rates and have attempted a course more than twice at UNT, you will be subjected to an additional tuition rate of \$75 per semester credit hour for any subsequent attempt at a course. This additional charge will be billed to your Student Account after the beginning of each semester. More detailed information about Duplications can be found here: https://registrar.unt.edu/registration/repeating-courses.html.

Excess Hours/Excessive Undergraduate Hours

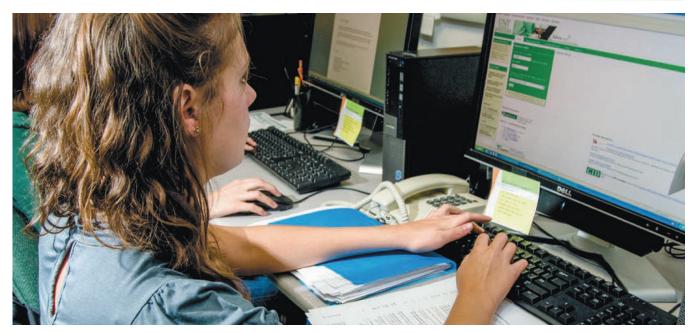

Undergraduate Texas Residents may be subject to a higher tuition rate for attempting excess hours. Attempted hours include courses passed and failed, duplications, repeats and courses dropped with a "W". Further information on which courses count towards the excessive hour calculation can be found here: https://registrar.unt.edu/registration/excessive-hours.html.

You can view your excessive hour status in myUNT by clicking the Academic Records tile and then the View Excess Hours link on the left.

Excess Hours?

Track your attempted hours. If you go 30 hours above what is required for your degree plan, you may have to pay extra.

Satisfactory Academic Progress

The Financial Aid office will review your Satisfactory Academic Progress (SAP) every semester using two standards: your UNT Cumulative GPA (UNT CGPA) and course completion rate. If you fall below one of the determined standards you may not be eligible to receive your financial aid. For information on SAP please go to http://financialaid.unt.edu/sap

- UNT CGPA Requirements of SAP
 The minimum cumulative UNT grade point average for undergraduate students is 1.8 for the first term of enrollment and a 2.0 for all subsequent semesters.
- Course Completion Rate of SAP
 You must successfully complete at least 67% of your cumulative attempted credit hours. Attempted hours
 include repeated, failed, incomplete, withdrawn from, and transfer credit hours.

PLEASE NOTE: You are required to notify Student Financial Aid and Scholarships BEFORE dropping classes or withdrawing from the university. By doing so, you will be advised about current and/or future financial aid eligibility.

Maximum Hour Limit

In addition to meeting UNT GPA and course completion rate standards, you must not have registered for, earned or attempted more than a specific cumulative maximum of semester hours as an undergraduate student. This limit is effective whether or not financial aid has ever been applied for or received.

The current maximum is 150% of the student's required degree plan. The maximum includes all hours registered for, earned or attempted at any institution of higher education. This includes hours you have dropped, withdrawn from, failed, duplicated or never completed. If you exceed the maximum number of hours allowed by your degree plan, your financial aid will be canceled.

Graduation

Graduation

Graduation Checks

It is highly encouraged that you request an appointment with an academic advisor in your college/school advising office for a graduation check two semesters before you plan to graduate. A graduation check ensures you are actually eligible for degree completion and graduation. https://registrar.unt.edu/apply-degree-conferral-graduation-commencement

Graduation Applications

You must apply for graduation through your my.unt.edu portal during the semester that you intend to graduate by the posted deadline. For additional information on applying for graduation and the application deadline visit: **registrar.unt.edu/apply-graduate**

The Graduation division of Records in the Registrar's Office is responsible for working with UNT's Colleges and Schools to verify, approve, and post all student degree awards. In addition, they coordinate UNT's commencement ceremonies. For information about undergraduate graduation call 940-565-2111.

Financial Benefits to Timely Graduation

Statewide \$1,000 Tuition Rebate

You may be eligible for a \$1,000 rebate if you:

- · Meet Texas residency requirements at all times while pursuing a degree
- Graduate within 3-hours of your minimum degree requirements

To review the full list of rebate eligibility requirements and detailed rules on administration of the rebate go to: http://registrar.unt.edu/graduation-and-diplomas/1000-tuition-rebate

To find out about your tuition options visit: saveandsoar.unt.edu

Section 4

Plan Your Semester and Registration

- · Preparing for Registration
- Registration Tips
- · Registration Checklist
- Enrollment Snapshot
- Your Student Homepage

Preparing for Registration

Registrar Website

Review important registration information online at: *http://registrar.unt.edu/registration.html* This will include:

- Schedule of Classes
- Transfer Guides
- · Online Degree Audit
- · Registration Guides
- · Dropping and withdrawing deadlines

Undergraduate Catalog

To learn more about your classes for the upcoming semester see the Undergraduate Catalog, *http://catalog.unt.edu/*, specifically for:

- · Degree requirements majors, minors, certificates
- · Course descriptions and prerequisites
- Policies

Meet with Your Academic Advisor

Talk to your academic advisor early in the semester about:

- Your course selections
- Prerequisites for the courses you plan to take
- · Any AP, CLEP, IB, military and dual credit that you may have earned

It's not just class selection! Your academic advisor can help you overcome academic hurdles, connect you to student services, campus resources, and more!

Consider the following when choosing courses:

- · What time of day do you work best? Are you a morning person or a night owl?
- How many days do you want to be in class? Remember many courses are scheduled 1, 2, or 3 times a
 week.
- · In what type of learning environment do you work best? Would you prefer online or face-to-face?
- Are you organized and self-motivated? Do you manage time well? All are necessary while taking online courses.
- · Would delaying a certain course this semester put you "off track" for your projected graduation date?
- · Do you have enough time between classes to: read your textbooks, study for a test, or run errands?
- You need to create a balance between your academic and social lives—both are important pieces to your college experience.
- Students should successfully complete at least 30 credit hours each year to potentially fulfill all degree requirements in four years.
- · Use the Visual Schedule Builder to help you create your ideal schedule.

Registration Tips

1. Are you TSI (Texas Success Initiative) Complete?

- If you are **not** TSI complete, you must meet with the Office of Advising Services before registering.
- You must enroll in mandated courses before registering for your other courses. Please see page 17 for Math courses listed by placement level
- TSI-mandated courses cannot be waitlisted
- Questions about TSI? Contact the Office of Advising Services: Sage Hall 110, 940-565-3633, tsi@unt.edu, https://vpaa.unt.edu/aservices/tsi

2. Math Placement

- Refer to the math chart on page 18 for a list of entry-level courses that do not require any prerequisites or placement tests beyond math TSI exemption or completion
- · Math placement levels are determined upon your admission into the University of North Texas
- If you are TSI complete in math and attempting to place into a higher level than original placement, visit https://math.unt.edu/academics/mathematics-placement for more information on placement testing
- The Department of Mathematics placement test:
 - o Students are permitted to take the UNT Math Placement test ONE time only
 - Can be taken online from any computer with a webcam and reliable internet access or on campus in the Mathematics Undergraduate Advising & Testing Center (GAB 443) Monday through Friday between 8:30 am 3:00 pm.

3. Check for Possible Holds on Your Account

Each semester all students must complete the UNT Registration Guide which is found under their Task Tile on their myUNT. There are multiple steps that must be reviewed, completed, and submitted. Upon completion of the UNT Registration Guide these holds will be removed. These holds include:

- Student Financial Obligation a hold placed on your account *every semester*. You must read through the financial requirements of the registration process. Read and click "confirm" to remove the hold
- Transcript a hold placed by Admissions for missing transcripts
- · Advising Required a hold placed by an advising office, must meet with an academic advisor to have hold removed
- TSI Not Complete a hold indicating you are TSI-incomplete and must meet with a TSI Coordinator to register
- Meningitis All new students must provide evidence of vaccination against bacterial meningitis. Immunization records or a
 UNT Meningitis Medical Exception form can be uploaded through the myUNT portal. Exemptions for Reasons of Conscience
 must be submitted in person to the Registrar's office to be valid.

4. Using the Waitlist Option

- The waitlist feature allows you to place yourself on the waitlist for a class section that is full and be given a position number. As seats open up in the class, students will be auto-enrolled according to their position number
- When trying to add courses to the waitlist, you can not add courses that conflict with times you have other courses in your schedule, unless you use the swap function
- You can not waitlist a course that puts you over 19 hours in a semester
- Diligently check your schedule during add/drop to see if a course you waitlisted was added to your schedule
- Students are encouraged to enroll in another section if their first choice is waitlisted
- · Waitlisted classes will always show up in your enrollment summary
- · Waitlisting a course does not guarantee you a spot in the course
- · If one of your waitlisted courses is added to your schedule, you must pay by the posted deadline.
- For additional instructions on using this feature: https://registrar.unt.edu/waitlists

5. Course Details

· Available through the Enrollment tile on your my.unt.edu.

Registration Tips

- Class information will include:
 - o Enrollment information
 - Prerequisites a course or requirement that must be completed successfully before enrolling in a course
 - Corequisites a course or requirement which must be taken concurrently with another course
 - o Class notes
 - o Class details
 - o Credit hours
 - o Class Availability
 - o Meeting information (face to face, online, etc.)
 - Online courses some sections of online courses are restricted to students who are in-state online learners, out-of-state distance online learners, or Coursera students.

Example: CHEM 1410 (1311). General Chemistry for Science Majors. 3 hours (3;0;1*) Fundamental concepts, states of matter, periodic table, structure and bonding, stoichiometry, oxidation and reduction, solutions, and compounds of representative elements. Prerequisite(s): MATH 1100 or equivalent. May be used to satisfy a portion of the Life and Physical Sciences requirement of the University Core Curriculum. *This hour is a problem-solving session

6. Determining Your Course Load

- Based on your degree plan, it may be necessary to register for 15 or more hours a semester and possibly attend summer sessions. Check with your advisor to learn more about the recommended courseload for your major.
- Full-time: 12 hours
- Average course load: 15 hours
- Maximum hours: 19 hours during fall and spring semesters and 18 hours during the summer semester (see your academic advisor to determine how many hours you may take in various summer terms)
 - o Overload approval is needed if attempting to register for more than 19 hours

Remember! For every hour you are in class per week, you should be prepared to study two hours outside of class. This is a total of at least 45 hours per week dedicated to your academic work. More than a full time inh!

7. Course Numbering or Level of Courses

- 1000: Freshman courses lower level
- 2000: Sophomore courses lower level
- 3000: Junior courses advanced level
- 4000: Senior courses advanced level

Looking for additional sections when registering? Click "Display More"

8. Determining if a Course Needs a Permission Code

- · If a permission code is required to register for a class, it will be listed in "Class Notes" within the course description
- Contact the department offering the course to receive the permission code. Example: courses restricted to students residing out-of-state or in certain majors
- All courses will display a default permission code box, but not all courses will require a code

9. Concurrent Enrollment

- If you are taking classes at UNT and wish to enroll concurrently at another institution during the same semester, you must first secure the permission of your advising office at UNT
- Concurrent enrollment during your last semester at UNT may delay your graduation date.
- · Always check with your academic advisor and Financial Aid when considering concurrent enrollment

Registration Checklist

1. Register for classes

	Check your my.unt.edu enrollment tab or the Registration Guide for your registration https://registrar.unt.edu/when-can-i-register	
П	Degister for eleccos at my unt adu	

Register for classes at *my.unt.edu*

☐ Need a step by step guide for the registration process? See page 38 or https://registrar.unt.edu/registering-courses-through-myunt

2. Check Your Financial Aid Status

Ш	Check your <i>my.unt.edu</i> student portal and EagleConnect e-mail regularly for financial aid information
	and updates to your account
_	

Visit Student Financial Aid & Scholarships (SFAS) in the Eagle Student Services Center (ESSC) if you have any questions.

Familiarize yourself with the SFAS Satisfactory Academic Progress (SAP) policy available at *financialaid.unt.edu/sap* and adhere to all class enrollment and attendance policies

3. Make Your Payment

Payment arrangements should be made after enrolling in courses, but before the payment deadline;
payment can be made online at <i>my.unt.edu</i> or through the Student Accounting Office located on
the first floor of the Eagle Student Services Center (ESSC)

Deadlines are posted on the Student Accounting website. https://studentaccounting.unt.edu/important-dates

Nonpayment will result in loss of enrolled courses. You will have to re-enroll and plan your semester schedule based on the availability of classes at that time, which will likely be limited

 \square It is your responsibility to ensure any financial aid payments will be applied by the deadline

If you make any changes to your schedule, please check your account balance at my.unt.edu. You should also check with Financial Aid for any change: to your semester aid.

4. Confirm Your Schedule

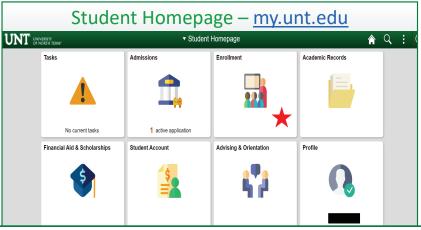

Print out a copy and review your schedule

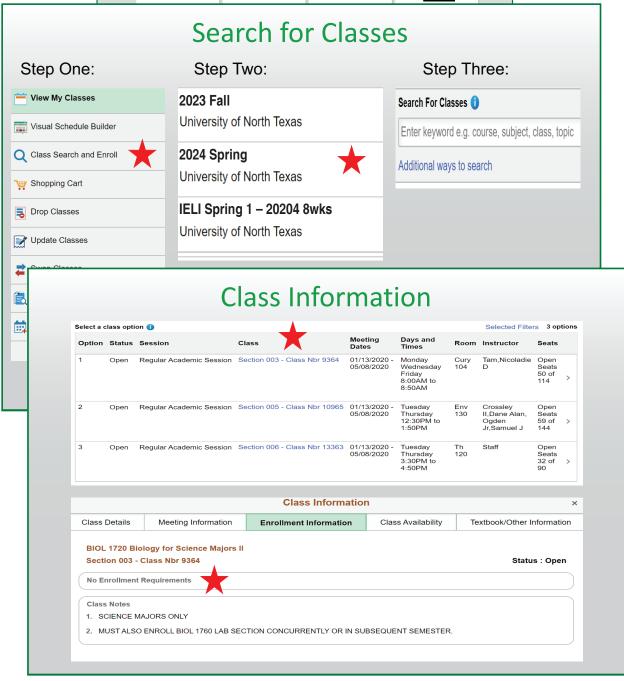

Confirm your enrollment and view your schedule at any time by checking the enrollment tab of your *my.unt.edu* account

Remember, enrollment information can be found on your *my.unt.edu* account, NOT on Canvas. Courses will be available on Canvas on the first day of class. Not all of your courses will include a Canvas component

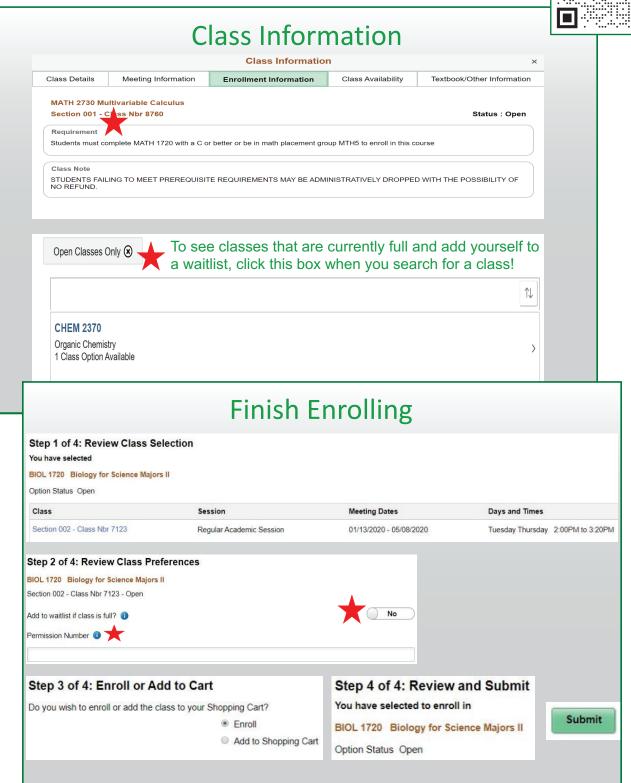

Enrollment Snapshot

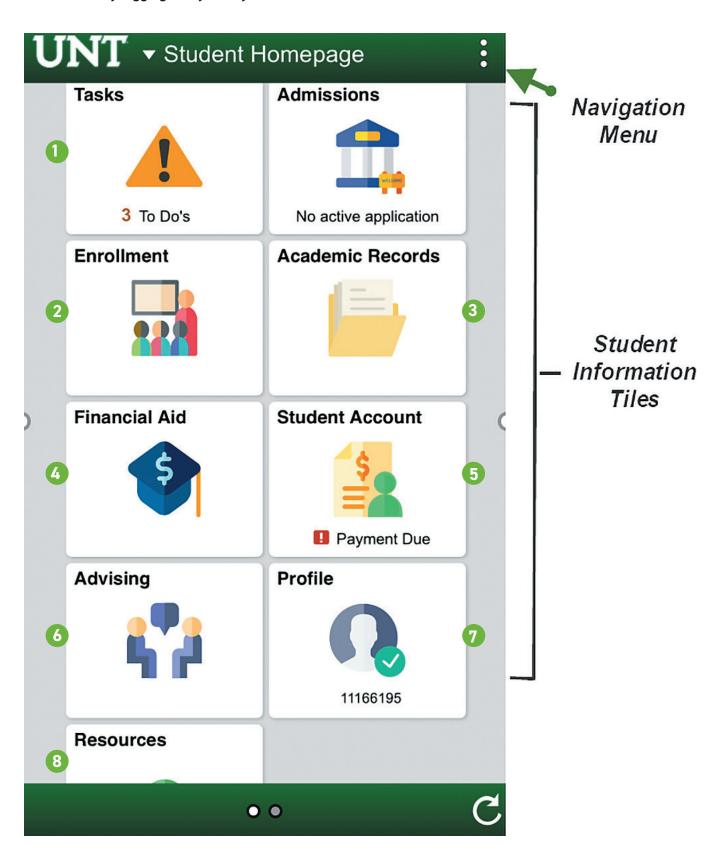

Enrollment Snapshot

Student Homepage - my.unt.edu

Your Student Homepage is the hub of all your academic and financial information. You will find it by logging into your my.unt.edu.

- 1 The Tasks tile houses your To Do List items, Hold, & Agreements.
- 2 The Enrollment tile is where you can add, drop, swap, and update course registration. You will find:
 - You Class schedule
 - Class search
 - Visual schedule builder
 - Enrollment screen
 - Shopping Cart
 - Drop and Swap
 - Enrollment dates
 - Course Catalog and schedule
- **3** The Academic Records tile holds all your grades, course, history, and unofficial transcript. In this tile you can:
 - · Request an enrollment verification
 - View academic milestones
 - View excess hours information
 - Apply for graduation.
 - Check 6 Drop Limit
- 4 The Financial Aid tile holds all financial aid related navigations including award information and financial aid summary. Here you can:
 - · Accept or decline your financial aid awards
 - View a shopping sheet
 - View your need summary, cost of attendance, and estimated family contribution.
- 5 The Student Account tile shows gives you access to:
 - View your Balance and Term Summary
 - Make a payment
 - See your payment history
 - Enroll in an installment plan and/or short-term loan
 - View and/or consent to receiving an electronic 1098-T
 - · View your Tuition Plan.
- **10** The Advising & Orientation gives you access to:
 - Your degree audit
 - Your advising sheet used for orientation
 - Repeated courses and mandatory course information
 - Your TSI status
 - The link to Navigate, where you can set an appointment with your advisor, or the link to advising.unt.edu resources page
- The Profile Tile is where you can access your biodemographic information and update your:
 - Contact details
 - Emergency contacts
 - Eagle Alert (the contact information for you that will be used by the emergency campus communications system)
- **10** The Resources Tile is where you can access other important UNT resources:
 - UNT Canvas learning management system
 - UNT E-mail
 - Jobs Eagle Careers opportunities
 - Start Green, Stay Green
 - · Care Team
 - Mental Health Resources
 - Sexual Assault Prevention training
 - Graduating Year Experience resources
 - UNT Help Desk
